

**SINGER
FINANCE**

S means a lot...

...and that is the premise that our business is founded on.

Customer, employee, supplier, Government and shareholder alike can count on our unfailing delivery. Conscious of what we mean to them, we serve them as best as we could in the conviction that they mean more to us.

What we mean to them and what they mean to us is in essence the message of this Annual Report. It is an account of synergy, stability, service and sharing at Singer Finance.

Thanks to our parent company, Singer Sri Lanka whose brand we leverage, our business has much to gain from it. Likewise, we are conscious of the supreme responsibility we hold to our Parent Company that has lent to us their Brand that is one of the Country's most valuable and best loved.

About Us

Singer Finance (Lanka) PLC, a subsidiary of Singer (Sri Lanka) PLC was incorporated on 19th April 2004 to operate as a finance leasing entity within the provisions of the Finance Companies Act No. 78 of 1988 as amended by Act No. 23 of 1991, which was subsequently replaced by the Finance Business Act No. 42 of 2011.

With an avowed mission to become the foremost finance company in Sri Lanka, Singer Finance engages in the financing of capital goods, agricultural equipment and a variety of products marketed by Singer Sri Lanka, and of their own.

Vision

To be the foremost Finance
Company in Sri Lanka

Mission

To continuously improve the quality
of life of Sri Lankans by providing
convenient financial solutions whilst
encouraging savings by providing
the most friendly and reliable fixed
deposit Services within the regulatory
framework.

Values

Community

We conduct our business by conforming to the ethics of our country and share the social responsibility towards the less fortunate

Employees

We respect each other as individuals and encourage cross functional teamwork while providing opportunities for career development

Competitors

We respect our competitors and recognise their contribution to the Finance Industry

Environment

We make every effort to ensure that the environment is protected and conserved for the future generations

Consumers

We live up to the expectations of a responsible organisation by providing customer-focused financial services

Shareholders

We provide a reasonable return while safeguarding their investment

PHILIPS

SINGER

SINGER

SINGER

Synergy

When one plus one is greater than two, synergy is at play. The synergies of Singer Finance with Singer Sri Lanka have come to mean a lot particularly to customers and shareholders of both. Sharing shop space, serving each other's customers and leveraging each other's know-how continues to translate into saving cost, boosting market growth and accelerating innovation.

Stability

The steady growth of our business volumes and particularly the growth of our deposits stand testimony to the trust that we have earned. Trust is the cornerstone that brings stability to our business. Naturally, great attention is paid to ensuring that we hold fast to the solid principles and business practices that are enshrined in our 160-year old parent brand. As a result, we attract like-minded stakeholders as would be seen in the relatively low non-performing loans ratio of 1.78% and the low staff turnover rate.

Service

Trust, innovation, convenience and empathy are important attributes that make our service stand apart from the rest. From prompt delivery of payments to suppliers to tailor-made repayment schemes for individual customers, and easy access to an island-wide network of branches our service is also supported by an online real time ERP.

Sharing

Customers, employees, suppliers, the Government and shareholders mean a lot to us. We continue to provide one-of-a-kind service levels to customers and we continue to hold the welfare and well-being of our staff at the highest standards. Our suppliers enjoy the promptness in our delivering on our commitments to them as the Government does in our growing contribution to the Exchequer. Our shareholders enjoy steady dividends.

Financial Highlights

For the year ended 31st March

Former Chairman's Letter

Hemaka Amarasuriya

The company's decision to further expand operations in the fast growing North and East will prove to be **a decisive factor in enhancing growth rates and being truly representative** of the national market

Preamble

Dear Shareholders,

The period 2012/13 depicted an environment of tight liquidity, following a period of rapid credit expansion in 2010 and 2011, where the resulting build up of foreign reserves led to an expansion of the country's monetary base. In 2012, strictures on loans to the business sector to correct macroeconomic fundamentals led to slowdown in credit formation resulting in the economy growing at a slower pace than was anticipated. With recent policy rate reductions easing pressure on borrowings to act as a stimulus, growth is predicted to liven up in the Banking and Non-Bank Financial Sectors, resulting in higher credit formation for 2013. Meanwhile, the fiscal deficit remains a concern to the Government as the country strives to regain the previous momentum of rapid growth experienced in 2010/2011.

Non-Bank Financial Sector (NBFI's) - An Overview

The sector consisting of 60 Licensed Finance Companies (LFC's) and specialized leasing companies (SLC.'s) recorded a growth of 22% in 2012. Growth was encouraged by a rapid expansion in the branch network, increasing exponentially by 206 branches to a national total of 972. This compares favourably with an increase of 106 units in 2011. Wide spreading of the licensed sector appears to be the proven method to counter unauthorised finance business which threatens the stability and reputation of the sector from time to time.

Decrease in vehicle imports due to higher excise duty applicable on imported vehicles since April 2012 and the fluctuating value of the Rupee against trading foreign currencies impacted the leasing and hire purchase portfolios, while the competitive rates offered for deposit mobilization by banks to mop up limited liquidity posed further challenges during 2012.

Despite these extreme trading conditions, deposits mobilized by LFC's grew by a significant 37% to Rs. 254 Billion as against 27% to Rs. 146 Billion in 2011 reflecting increased public confidence in this sector. Overcoming the deterrents faced by L.F.C.'s, the sector lived up to expectations and demonstrated a willingness to manage the turbulence from the growth pangs of a middle income economy fast tracking towards the next paradigm, a G.D.P. projection of US\$ 100 Billion in the foreseeable future. (G.D.P. in 2012 - US\$ 59 Billion).

Singer Finance (Lanka) PLC

Your Company is now 9 years since incorporation and meanwhile has built a reputation in the industry for stability trust and reliability, following a path of steady sustainable growth towards maturity status. Singer Finance is in the enviable position of being a 80% owned subsidiary of the iconic parent, Singer (Sri Lanka) PLC. Singer is a heritage brand in the Sri Lankan business world and holds the singular honour of repeatedly being selected as the No. 1 People's Choice by the SLIM-A.C. Nielsen annual survey by a majority vote countrywide. Deployment of trained professionals, gradual expansion of the branch network to reach out to peripheral markets, easy customer reach and exceptional service, a portfolio of relevant product offers and focus on competitiveness are among the hallmarks of our progress to date. In the next stage of evolution the company is exploring possibilities of diversifying into a range of new financial products and services to support its established core business success.

Operating Results and Strategies

A detailed analysis of financial performance is described elsewhere in this report under the caption "Financial Review". This leaves me to comment on specific "headlines" reflective of market trends and our strategic responses thereto.

Company's revenue consisting mainly of interest income grew by 37.8% to Rs. 1.7 Billion. Translating income proportionately towards profit growth was not possible due to sudden sharp rise in interest expense which in turn adversely impacted the entire industry. Possibilities for a lower interest regime in 2013 will somewhat mitigate this adverse trend paving the way for an industry profit recovery in the upcoming year. Despite slow growth in profit, we outperformed the NBFIs which recorded a profit decline of 21% in 2012.

The importance of continuous capital formation for LFC'S cannot be overemphasized. We are observed to strategically build our capital base year on year by enhancing equity through retained earnings and rights issues the last of which took place during the year under review, resulting in the total equity increasing from Rs. 939 million in 2011 to Rs. 1.923 Billion in 2013. A healthy mix between deposits mobilised and bank borrowings accompanied by lower dependence on parent company funding strengthened the liability side of the Balance Sheet during the year under review. The significant improvement in the Asset to Deposit ratio (A.D.R) bears ample testimony to this restructuring success.

The company's decision to further expand operations in the fast growing North and East will prove to be a decisive factor in enhancing growth rates and being truly representative of the national market. It should be noted that 37 new branches were opened in this region during the year, demonstrating the growing buoyancy in this newly emerging territory. Singer is a long enduring trusted brand in this region viewed to possess awesome strengths. Therefore Singer Finance's expansion will prove timely and rewarding as well.

Acknowledgements

As I step down from office as Director and Chairman in compliance with the governance directions of the Central Bank of Sri Lanka under Corporate Governance Direction No. 3 of 2008 which requires Directors in the Bank and Non-Bank Financial Sector to step down from office after serving a maximum period of nine years, I wish to place on record my sincere thanks to the Board of Directors, Management and Staff, Deposit Holders, Shareholders, Regulatory Authorities and the public at large who had dealings with the company for their spontaneous support, advice and co-operation during my tenure of office. I wish to place on record the Board and Management's sincere appreciation to Mr. Asoka Pieris the Group Chief Executive Officer who retires simultaneously under the above code of governance for the services rendered by him since the incorporation of the company in 2004.

I wish to congratulate my successor Dr. Saman Kelegama and wish him success. With his vast experience in the Banking and Non-Banking Financial Sectors and in the country's broader economic sphere we have no doubt he will lead the organization with Chief Executive Officer, Mr. Shantha Wijeweera and his management team to even greater heights in the years ahead. I conclude by wishing the company, management and employees every success in the years ahead and added strength for their new endeavours.

Sincerely,

Hemaka Amarasuriya

Former Chairman

2012/13

Letter from the Chairman

Dr. Saman Kelegama

As I assume my new role as Chairman, the Company looks forward to challenging and rewarding times ahead. Singer Finance has consolidated its position as a medium sized finance company and is renowned for trust and the high level of governance practised over the years.

I wish to thank my predecessor Mr. Hemaka Amarasuriya and Mr. Asoka Pieris - Group Chief Executive Officer, who resigned from the Board in compliance with the governance directions of the Central Bank of Sri Lanka under Corporate Governance Direction No. 3 of 2008, which requires Directors in the Bank and Non-Bank Financial Sector to step down from office after serving a maximum period of nine years.

Mr. Amarasuriya was instrumental in setting up and guiding Singer Finance to the level it has reached today, drawing from his vast experience in the finance and retail industry. He will continue to serve on the Board of the Parent Company of Singer Finance.

There are exciting times ahead for Singer Finance, with several innovative products in the pipeline. We will continue to add to the level of excellence we have reached through the last nine years. We will grow to reach further and expand our product portfolio to meet the existing, and growing needs of the market. Above all, we will continue to cultivate the trust and respect our market has for the 'Singer' name.

Sincerely,

S. Kelegama
Chairman
30th May 2013

Group CEO's Review

Asoka Pieris

Chief Executive Officer - Singer Group of Companies

In a year of challenging market conditions,
**Singer Finance continued its growth in
Business Volumes**

Dear Shareholders,

In a year of challenging market conditions, Singer Finance continued its growth in Business Volumes, Income and Profits. It did this without compromising on risks and controls. The Company also continued to venture into new areas and to expand its presence. The Company also continued to strengthen its links with the parent company.

Singer Finance income grew by 37% while Net Profit grew by 18.9% to Rs. 256.5 million. The details are described in the Financial Review section of the Annual Report.

During the year under review, Singer Finance improved its funding by increasing its public deposits by 21%. The Company had a rights issue in August 2012 and infused fresh equity capital. The Company has one of the best gearing and capital adequacy ratios within the finance companies.

During the year under review, the Company opened branches in Embilipitiya and Tissamaharama and converted window service centres in Thambuttegama and Nikaweratiya to branches. The Company opened window service centres at Giriulla and at seven Singer Mega shops of the parent company. The Company also received approval from Central Bank of Sri Lanka to be an authorised dealer for foreign currency and to form an insurance brokerage subsidiary.

In a challenging environment, Singer Finance increased its focus on the risks and controls. The Company has strong internal controls, tight credit approvals and good follow-up. Although the non-performing loan rates increased from 0.47% as at 31st March 2012 to 1.78% as at 31st March 2013, the non-performing loan ratio remains among the lowest in the sector.

Myself and the outgoing Chairman, Mr. Hemaka Amarasuriya have served the Board of the Company from the inception and completed nine years. To comply with Central Bank Directions, which stipulate that a Director cannot serve more than nine years, we have stepped down from the Board of Directors. I thank the outgoing Chairman, Mr. Hemaka Amarasuriya, for the excellent services to the Company since its inception in 2004.

I congratulate the incoming Chairman, Dr. Saman Kelegama and wish him all success. Dr. Saman Kelegama has been closely involved with the Company during his period on the Board. I also congratulate Mrs. Marina Tharmaratnam, who is appointed as the Senior Independent Director, all other incoming Directors and Alternate Directors and wish them success. There has been a very smooth transition and both at Board level and at operational levels there is no effect due to these changes.

I wish to place on record my appreciation of Mr. Shantha Wijeweera, Chief Executive Officer and all our staff for their contribution and commitment without which it would have not been possible to achieve these results.

I thank the outgoing Chairman, Mr. Hemaka Amarasuriya, current Chairman, Dr. Saman Kalegama and Board of Directors of the Company, and the Chairman and Chief Executive Officer of Singer Asia for their valuable support and guidance.

I thank the Governor of the Central Bank, Controller of Exchange, Directors and other Officials of the Central Bank for their excellent support to the growth of the financial services sector.

I also thank all our Shareholders for their continued trust in the Board of Directors and the Management of the Company.

Sincerely,

A handwritten signature in black ink, appearing to read 'Asoka Pieris', with a stylized flourish extending to the right.

Asoka Pieris

Chief Executive Officer - Singer Group of Companies

30th May 2013

CEO's Review

R.S. Wijeweera

Chief Executive Officer

Customer convenience has been one of our success stories. **We are linked close to 400 Singer retail outlets.** Our customers have the option of using the Singer online system, a state-of-the art ERP, for the payment at retail outlets

Singer Finance continued its growth momentum despite unfavourable business conditions that prevailed throughout the year. Adverse macroeconomic conditions as well as topsy-turvy weather conditions during certain parts of the year effected the finance industry as a whole. Also, the Sri Lankan Accounting Standards underwent a major change when The Institute of Chartered Accountants of Sri Lanka decided to adopt fair value accounting for the financial years beginning after 1st January 2012. The financial statements reported in the Annual Report comply with the SLFRS/LKAS prescribed by The Institute of Chartered Accountants of Sri Lanka.

Singer Finance grew its Profit after Tax to Rs. 256.5 million over the preceding year, an increase of 18.9%. Income of the Company amounted to Rs. 1,748 million, up by Rs. 474 million over the previous year an increase of 37%. However, the Interest expense of Rs. 742 million is exceeding the prior year Interest expense by Rs. 334 million, an increase of 82%. This increase is twofold. First being the high Interest rates that prevailed throughout the year under review and secondly, the high borrowings during most part of the year when compared with prior year. However it is revealing to note that Government has re-introduced a low interest rate policy since January 2013 to encourage investments.

Expenses of the Company have increased from Rs. 544 million to Rs. 604.6 million by 11% when compared to last year. Due to the adverse economic conditions and weather, Provision for Bad & Doubtful debts increased when compared to last year, a situation common in the finance industry in the year gone by. However, the Company has decreased its cost to income ratio from 66% in 2011/2012 to 62% in 2012/2013 and the Revenue per employee also has increased from 8.2 million last year to Rs. 8.7 million in year under review.

Our Total Assets grew by 7.5% during the year. We experienced a growth of 18% in our Hire Purchase & Leasing portfolio to Rs. 5.6 billion. However, Loans and Advances contracted during the year by 33.6% to Rs. 916 million due to discontinuation of financing of locally manufactured consumer durables sold by the parent company.

Singer Finance Invested Rs. 14.2 million in its Information Technology system and Rs. 38 million in its Property, Plant & Equipment during the year to improve the efficiency and to expand the reach of the Company to serve its valued customers scattered throughout the country. In line with the national policy of financial inclusiveness, we continue to reach-out to under-served rural economy. During the year, two branches (Embilipitiya and Tissamaharama) and one Window (Giriulla) were opened and two more windows (Nikaweratiya and Thambuttegama) were upgraded to branch status. We intend to further increase our presence in strategically important areas of the country in the immediate future.

The Company finances its assets through Public Deposits, Interest Bearing Loans & Borrowings and Stated Capital. During the year, Public Deposit base increased to Rs. 3,318.9 million by 21%. However, the Interest Bearing Loans & Borrowings contracted by 17.5% to Rs. 1,009 million. Singer Finance reduced its payables to its parent company as well as to providers of finances through funds collected from the Rights Issue as well as from the internally generated funds.

Singer Finance completed a successful Rights Issue in August 2012, which was oversubscribed during a period where the CSE was struggling to attract Investors to the market. Through this Rights Issue, we were able to raise Rs. 645 million. This epitomises the faith shareholders have in their Company, and this in turn entrusts us with a higher sense of responsibility, which we have shouldered with much joy and pride.

Customer convenience has been one of our success stories. We are linked close to 400 Singer retail outlets. Our customers have the option of using the Singer online system, a state-of-the art ERP, for the payment at retail outlets.

Our most important asset, our Staff, is well trained to deliver tailored customer services and structure advice to suit any individual requirement. Their dynamism and commitment have been crucial to the steady growth that we have experienced over the years. Many of the staff members had been with us since our inception and have been our partners in growth. We continue to provide quality training programmes for them in order to grow their level of skills and confidence in order to meet the changes in the world of finance. In this regard, Singer Finance has been a keen follower of training programmes offered by the Central Bank's training school.

It gives us immense pleasure in associating with the iconic brand "Singer", the foremost trusted brand in Sri Lanka which was accorded the "SLIM-AC Nielsen People's Brand" of the year award for the 8th consecutive year. This association has made our steadfast commitment to business excellence that much easier. It is with profound responsibility that I remind all our shareholders, our commitment to ethical business will always remain a top priority in achieving business excellence.

It is with great gratitude that I thank our outgoing Chairman Mr. Hemaka Amarasuriya and Non-Executive Director Mr. Asoka Pieris for their invaluable services rendered since the inception of the company in 2004 and guiding the company throughout its journey thus far. These two gentlemen resigned from the board in order to comply with Direction No. 3 of 2008 issued by the Central Bank of Sri Lanka, which states that a director cannot serve in the board of a finance company for more than 9 years.

I wish all success to Dr. Saman Kelegama who served in our board for many years on his new appointment as the Chairman of the Company. Oxford educated Dr. Kelegama, is an Economist by training and an expert on South Asian Economic Integration issues and we are privileged to have his services at the helm. We also welcome Mrs. Marina Tharmaratnam to the Board as a Senior Independent Director.

I would like to thank the Governor of the Central Bank, the Director and other officials of the Department for the supervision of Non-Bank Financial Institutions and Exchange Controller, who have been very supportive of our forward march. We also wish to acknowledge the valuable services rendered by CRIB, its General Manager and staff whose value-added services immensely helped us to improve our processes and maintenance of credit quality.

I also thank the Chairman and Board of Directors of the Company for their valuable support and guidance.

I also thank our shareholders for placing their continued trust which we endeavour to behold at all times.

R.S. Wijeweera
Chief Executive Officer
30th May 2013

Board of Directors

Assistant Accountant

16. Ms. Ruchira Mendis
Confidential Secretary

17. Mr. Nadeesha Liyange
Marketing Executive

18. Mr. Muditha Gunawardena
Branch Manager

Management Discussion and Analysis

Our stakeholders are our most prized assets. Although it may not be justifiable to rank our stakeholders, it is only fair to mention that customers would rank high on the ladder

The Economic Overview

As per the Annual report of the Central Bank of Sri Lanka 'The Sri Lankan economy grew at 6.4% in 2012 while inflation was maintained at single digit for a fourth consecutive year, despite several global challenges'

In order to curb inflationary pressure fuelled by a high import demand and widening trade deficit, policy measures were introduced to decelerate credit to the private sector and as a result a credit ceiling was imposed. This resulted in cost of debt increasing and commercial banks imposing limits on their sector wise lending. Further, unfavourable weather conditions resulted in disruption to agricultural output and significantly reduced hydro power generation resulting in a negative impact on value addition and exerting pressure on prices. In the year under review the country experienced fuel price increases on more than two occasions, and this further resulted in cost of goods and services accelerating.

The Government budget 2012 introduced a few positive measures such as tax exemptions for listed debentures and relaxing the rules on dollar borrowing. It is important that entities move away from a high interest mindset in order to maximise on benefits, offered on the listed debentures so that the economy could bounce back on track.

Non-Bank Financial Institutions (NBFI) Sector

The NBFI sector comprised of 47 Licensed Financing Companies (LFC's) and 13 Specialised Leasing Companies (SLC 's) by end 2012. 206 new branches were added in 2012 taking the total count to 972. Of the branches opened in 2012, 155 branches were opened out side the Western province, the number of NBFI branches operating in the Northern and Eastern Provinces increased by 19 and 18 respectively.

The total asset base of the NBFI sector grew by 22% during 2012 to reach Rs. 597 billion, compared to a growth of 26% in 2011. Accommodations grew by 21% to Rs. 472 billion by end 2012. A significantly higher growth rate of 46% was recorded in respect of accommodations in 2011, signalling a drop in the growth momentum in the industry at large.

Deposits were the major source of funding for LFC's, while borrowings were the major source of funding for the SLC's.

The profitability of the industry was stifled compared to the prior year with profit after tax for 2012 being Rs. 15 billion Vs Rs. 19 billion for 2011. (Source: - CBSL Annual Report 2012)

Introduction

Singer Finance (Lanka) PLC (SFLP), a subsidiary of Singer (Sri Lanka) PLC (SSL), was incorporated on 19th April 2004 to carry out finance business within the provisions of the Finance Companies Act No. 78 of 1988 as amended by Act No. 23 of 1991 and subsequently replaced by Finance Business Act No. 42 of 2011. SFLP obtained the License from Central Bank of Sri Lanka to carry out Finance Leasing business and licensed as a registered 'Finance Company' in terms of section 2 of the Finance Companies Act No. 78 of 1988. The company's asset base currently exceeds Rs. 7 billion. SFLP was listed on the main board of the Colombo Stock Exchange in December 2010 and currently, 19.60% of Shares are held by the public.

The Company's main activities consist of accepting deposits from members of the public and granting leases, hire purchase facilities and consumer loans to its customers. We have 13 regional branches and 6 service windows. Customers may also use our parent companies close to 400 locations to make a settlement which is of great convenience to all of our customers.

Singer Finance has established its place as a medium-sized Finance and Leasing Company harnessing the strength of its parent Singer (Sri Lanka) PLC. The Parent Company can afford to boast of a vast experience in the Hire Purchase product and the service element of the retail landscape, Singer Finance does not hesitate to practice and draw on this experience and also on the strong business ethics and prudential credit culture of Singer.

Performance Review

The year under review was challenging for the industry at large. A summary of key top performing Income and balance sheet items are summarised below. A detailed analysis of the performance is discussed in the financial review illustrated in page number 33 to 40.

Summary of Performance

	Rs. million		Var - %
	2013/12	2012/11	
Gross Income	1,748	1,275	37.1
Interest Income	1,652	1,199	37.8
Other Income	96	76	26.3
Profit Before Tax	323	286	13
Net Profit	256	216	18.5
Total Assets	7,257	6,747	7.5
Advances	6,569	6,161	6.6
Deposit Base	3,318	2,740	21.1
Capital Adequacy Ratio	25.26%	18.08%	7.2

As illustrated above, the Company's gross income performance was satisfactory. Growth in, Income was led by the Leasing segment, whilst in the other income category interest income from treasury bill investments contributed to growth. Growth in profit before tax was stifled by the increase in interest cost and provisioning for loan losses which increased at a considerably high rate compared to the prior year.

Growth in advances was low, due to decrease in vehicle imports due to the higher excise duty applicable to vehicles imported and the depreciation of the rupee during 2012 affecting the Leasing and Hire Purchase portfolios compared to the prior year. Also, the decision taken to discontinue financing parent company's locally manufactured products (SLMP) in the 3rd quarter of the financial year, and low demand for second hand vehicles resulted in growth being further stifled.

SFLP began to finance the Hire Purchase portfolio of Singer Mega, a channel of the parent company and also increased focus on group sales to bridge the receding advances portfolio in the loans category. As at 31st March 2013, we were present in 7 Mega Stores, and by the time you read this report we have ventured into 12 Mega Stores, leaving 3 more to which we will move in by end July 2013.

Rise in interest rates coupled with the fact that SFLP offered attractive gift schemes ensured that the deposit base increased by 21% over prior year.

The management consistently reviews credit policies to mitigate circumstances in which exposure to high risk sectors are lowered within a short time span. Company also monitors provisioning for bad debts on a more stringent policy for internal management purposes and for external reporting. Provisioning is carried out based on SLFRS/LKAS.

Growth

Rs. million

Indicator	2013	2012	2011	2010	2009	2008	CAGR
Income	1,748	1,275	1,001	697	456	297	42.5%
Profit After Tax	256	216	119	47	8	36	47.7%
Total Assets	7,257	6,748	4,396	3,256	2,078	1,414	38.7%
Advances	6,570	6,161	4,007	2,981	1,792	1,215	40.2%
Deposits from Customers	3,319	2,741	1,883	1,518	1,098	642	38.9%

CAGR - Compound Annual Growth Rate

The Growth rates illustrated above speaks volumes of the consistency in the Company's performance over the last six years. The strategy of SFLP has been, simple and straight forward, i.e. 'stick to the knitting' has been the order of the day, and it is this strategy that has paved the way to establish ourselves as a medium-sized Finance Company.

Our Stakeholders

Our stakeholders are our most prized assets. Although it may not be justifiable to rank our stakeholders, it is only fair to mention that customers would rank high on the ladder. The Company as a policy treats all its stakeholders with respect and care. Being a service organisation, SFLP draws a lot on the experience of the parent company which has a high reputation for superior customer service. The customer base of SFLP is the mass market and currently it is tilted towards more rural followed by urban. The deposit base constitutes high net worth, working class professionals. The Company engages its stakeholders often through media and other modes of communication.

Synergies with Parent Company

Customers of Singer Finance has the option of settling their rental dues from closer to 400 Singer Plus, Singer Mega, Singer Homes or Sisil showrooms islandwide. This option is presently unmatched by competition. Further, SFLP brand name is augmented by the strength and popularity of the brand Singer which has a high, share of voice, in the local advertising space. Company also benefits from access to lower cost of funds sourced by the Treasury of the Parent Company and also by many other support functions such as payroll administration, general administration and logistical support rendered by the parent Company.

Our Products

Singer Finance commenced operations by providing leasing and hire purchase financing for customers, subsequently the Company began to finance the purchase of consumer products, personal loans and business loans.

Leasing

Leasing was introduced to the Sri Lankan market in 1980 and soon began to gain wide acceptance as an alternative form of financing. Its availability 'over the counter' enhanced its appeal. Its popularity among SME's also grew. Singer Finance provides leasing facilities for brand new vehicles. The demand for vehicle leases has grown consistently throughout the year under review.

Hire Purchase

Hire purchase became a popular financial product due to VAT concessions given when financing used vehicles and provides a flexible method of payment for those unable to pay the full amount at the time of purchase. Hire Purchase was initially used for consumer products but has now emerged as a popular alternative to leasing.

Singer Finance provides Hire Purchase facilities for used vehicles and agricultural equipment. With exemptions on VAT for certain vehicle categories such as buses, we experienced a shift from Hire Purchase to Leasing. Further, the demand for second hand vehicles has dropped at an alarming pace as a result of duty increases.

Group Sales

The Company has a group sales policy, similar to the policy followed by its parent company. This unique facility is made available to staff from reputed organisations in both public and private sectors. Employees of these organisations may select any consumer product and pay for it in monthly instalments. These instalments are deducted from the respective employee's salary and remitted to us by the organisations concerned.

Many public and private institutions have made use of this facility. Customers enjoy the benefits of the product from the very first day without being obliged to pay the entire sum up front. The burden of settling monthly payments is taken on by the employee's organisation. We have established a dedicated unit with competent staff at head office to supervise this facility. A state of the art IT system supports the unit.

Deposits

SFLP is a registered Finance Company authorised to accept public deposits by the Central Bank of Sri Lanka. The head office of the deposit division is located in Colombo and all branches island wide are authorised to accept deposits. Attractive deposit promotions are carried out during April and December seasons where valuable consumer durables are offered to deposit holders willing to lock in their funds for an pre agreed period. Whilst SFLP offer very attractive rates the Company avoids engaging in the rate competition which in the past has affected the finance industry adversely. SFLP's deposit base has grown by 39% since 2008 on a cumulative basis, thus displaying the confidence of the public at large

"Singer Muthu" Savings Accounts

Muthu translated to English depicts a pearl, and aims to link childhood to the traits of a pearl. The brand Singer, introduced Hire Purchase to the world way back in 1851 and back then the beginnings were humble and small, although a Savings products is not an innovation, the Company's track record speaks of a high success rate and we remain optimistic that the simple beginning of 'Singer Muthu' savings is the beginning of a family of new products which will one day be a success story to be spoken about.

A new Channel is born
Singer Mega

In the year under review Singer Finance began to take over the granting of Hire Purchase facilities to customers of Singer Mega, which is a premier distribution channel of the parent company thus widening our reach and opening the horizons to a new customer segment. This could be considered as a new channel in addition to the already existing branches and windows. As at the year end we have taken over 7 out of the 15 Mega locations and as per plan, the Company will reach out to the rest of eight locations within the course of this financial year.

Key Challenges facing our industry and SFLP's response

Key Challenges	How Singer Finance (Lanka) PLC will respond
Increasing in cost of funds	<p>SFLP has strong financials and a sound rating BBB+(lka) Stable which enables to source funds at competitive rates. Parent Company Singer (Sri Lanka) PLC (SSL) continues to grow steadfastly and lends to SFLP at rates borrowed by SSL plus a premium which gives SFLP an advantage, as borrowing from SSL reduces its cost of funds.</p> <p>In the year under review SFLP launched a minor savings product, the growth of savings will enable the company to reduce its cost of funds in the future.</p>
Challenges in sustaining an optimal spread	<p>SFLP reviews its spread on a monthly basis and compares it with both prior year and plan and takes corrective action where appropriate.</p> <p>The Company plans to increase its portfolio of financing consumer durables. This product provides a high yield in a short term and are small ticket items, at present SFLP is the market leader in this segment and further consolidation in this space will enable the Company to maintain a healthy spread and also financing requirements shift to short term as the average period of a contract will be 12 to 15 months.</p>
Increase in loan losses	<p>In the year 2012 the finance industry as a whole experienced an increase in loan losses due to economic and environment factors affecting liquidity. SFLP identified sectors that were badly affected and made adjustments on its credit policies towards these sectors.</p>
Challenges faced in Information Technology	<p>IT processes are reviewed regularly by a specialist internal IT team and the partners SFLP invests in required changes /additions to the Information system in order to ensure that the Company's information systems are up to date and information required is available timely and efficiently.</p> <p>SFLP invests in training their staff on a continuous basis, by participating in both local and foreign training programs. Our staff also regularly participates in training conducted by the Centre for Banking Studies of the Central Bank of Sri Lanka</p> <p>The modern and highly effective ERP of SFLP's parent company enables synergies, where any customer of SFLP is able to make settlements through the vast branch network of the Parent Company. The capabilities of this ERP provides for many more synergies that will result in operational efficiencies.</p>

Opportunities and Threats relevant to our business

Opportunities	How Singer Finance (Lanka) PLC will respond
Market and product growth:- SFLP has opportunity to move into new markets and products hitherto untapped	<p>Several new product initiatives are in the pipeline and will be unleashed in due course.</p> <p>We are already present in the Eastern province, and have plans drawn up to move into the Northern segment.</p>
New Regulations imposed on Finance Companies	New regulations imposed have increased the confidence levels of the customers in the RFC's and along with this regulatory backing and the strength of SFLP we intend designing, communication campaigns to educate both existing and new customers on the benefits associated with investing their money with SFLP.
Threats	How Singer Finance (Lanka) PLC will respond
Competition	Competition in the industry is intensifying with existing players growing and the emergence of new competitors, SFLP will capitalise on the strength of their brand and will leverage on our superior service capabilities and core values to differentiate from our competitors
Capital Markets:- The ability to raise funds from capital markets may be jeopardised in the short-term due to the poor performance of the bourse and need for stricter regulatory requirements	Both SFLP and its parent company have provided attractive dividends and capital gains to their investors, the prevailing market prices do not project nor justify the year on year performance of SFLP which has been admirable. SFLP will continue to add value to their shareholders via growth and stability.
Data Protection Any business faces the challenge of protecting its data from theft or loss due to IT system failures	<p>Data theft is also far more of a threat than data loss as it's clearly malicious. SFLP regularly reviews its systems to protect data from theft. Access rights are reviewed on a quarterly basis and reviewed by Internal audit.</p> <p>Employee contracts legally bind employees to safeguard company data.</p> <p>SFLP replicates system data in an offsite disaster recovery site and conducts disaster recovery drills on an annual basis.</p>

Resources and Capabilities of Singer Finance

In diversifying into the Financial Sector, the Singer Group succeeded in exploiting and employing the resources and capabilities available to an organization with 160 plus years of exposure, experience and success. In an external environment which is subject to rapid change, internal resources offer a more secure basis for strategy than market focus. Resources and capabilities are primary sources of profitability. Firm specific strategic differences account for 50-70 percent of observed differences in firms profits.

Resources	Advantages
Financial	Rating of BBB+ (lka) Stable by Fitch Ratings Lanka Ltd. Ability to raise capital and access to funding at competitive rates,
Physical	Ability to expand (subject to relevant approvals) to reach customers island-wide. Facility for our customers to settle payments at close to 400 locations where the parent company is present.
Human	Skilled and experienced staff.
Technological	State of the art software capabilities. Trained and skillful IT staff.
Reputational	A heritage brand name which is 160 years old. Eminent and skilled board of Directors.

Capabilities	SFLP's ability to respond
Organisational capabilities: firm's capacity for undertaking a particular activity	SFLP has the ability to respond to rapidly changing market conditions, its dynamic Management is skilful and trained to undertake any activity, be it reaching new markets or introducing new products with a low lead time.
Distinctive Competence: things that an organisation does particularly well relative to competitors	Our customer service and understanding of the customer is far superior , customers ability to reach us is wide and far reaching.
Core Competence: capabilities that are fundamental to a firm's strategy and performance	Singer introduced Hire Purchase to the world back in 1851. Its ability to introduce innovative financial products is a core competency of the Singer Group.

Financial Review

The year under review was challenging in terms of economic and environmental factors affecting business. Despite this scenario Singer Finance (Lanka) PLC (SFLP) was equipped to manoeuvre these obstacles skilfully and emerge ahead of the preceding year. The credit ceiling imposed by the Central Bank as a macro economic measure resulted in an escalation of borrowing cost, squeezing net interest margins. This in turn affected some of our customers in the small to medium scale entrepreneur category, as they found it hard to raise working capital for their ventures due to sudden restrictions on over draft and other banking facilities, hence we experienced poor paying-in ratios from this sector. In the 2nd and 3rd quarters. The weather was not favourable towards the agricultural sector, heavy flooding followed by a severe drought affected our customers in the North Central and Eastern Provinces and Singer Finance has a heavy presence in these provinces.

Quoting from the 2011/12 Annual report, quote “A negative shift was experienced in the latter part of the fourth quarter, in which macroeconomic factors began to move adversely as a result of price increases in fuel, electricity, imported food items, increase in vehicle duty and tariff. An over production of rice, vegetable and other commodities adversely affected the agricultural sector, resulting in depressed farm prices because of record crop production swelling the supply of commodities. Market interest rates began to rise sharply and the rupee depreciated Vs dollar significantly, we are hopeful that the recent adverse economic changes are short run and that the economy will bounce back on track” unquote, these factors spilled over to the year under review and except for the appreciation of the rupee Vs dollar, all other aforementioned factors continued to add inflationary pressure, as mentioned, the negative impact from the weather had a further impact on the agricultural sector and the economy at large. Cost of funds is a key and important variable in the finance industry and the high costs that were experienced throughout the year under review dampened growth. On a positive note Central Bank relaxed the control measures taken on credit from January 2013 and as a result, access to credit improved and towards the end of the period under review, borrowing costs began to slide downwards.

Despite the challenges mentioned Singer Finance (Lanka) PLC - SFLP achieved a 19% bottom line growth over the prior year and continued to consolidate its position as a medium sized finance company.

Basis of Preparation and Comparative Figures

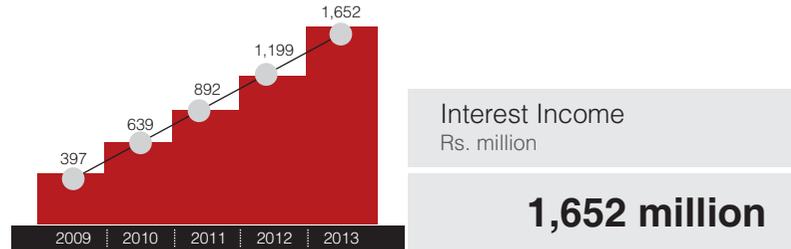

The Financial Statements for 2012/13 represent and include the Financial Statements of the Company. The basis of preparation of the Financial Statements are described under Note 1.2 to the Financial Statements. The accounting policies used are consistent with those used in the previous year, except as explained in Note 1.2.5, which addresses changes in accounting policies. Certain comparative amounts have been reclassified to conform to the current year's presentation. The financials for the prior year have been restated to take into account the impact the adaptation of SLFRs and LKASs.

Gross Income

Income of the company increased from Rs. 1,275 million to Rs. 1,748 million an increase of Rs. 473 million (37%) over the previous financial year. Income of the company constitutes mainly of Interest Income and other income.

Interest Income for the year under review increased from Rs. 1,199 million to Rs. 1,652 million an increase of Rs. 453 million (38%).

Growth in Interest Income

Components of Interest Income

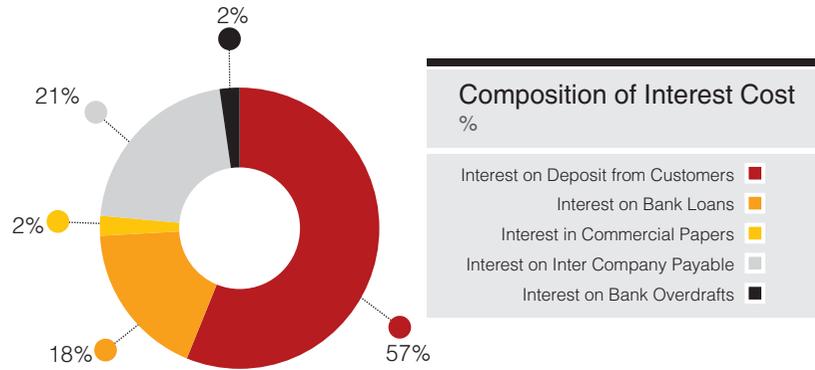

The Interest Income portfolio of the Company is made up of hire purchase, finance leases and loans

Interest Income from Hire Purchase grew by 10% to Rs. 477 million over the previous financial year, Interest Income from leasing increased by 115% to Rs. 660 million, this exponential growth in leasing interest income was fuelled by the tax benefits (Exemption of Value Added Tax) on three wheelers, lorries and buses which were given in the year 2012. Some products such as buses and Lorries which were previously taken on hire purchase agreements are now leased and this was a factor largely attributable to the low growth in hire purchase product, further, demand for secondhand vehicles in the market place too has receded, dampening the hire purchase product growth. Interest income on loans grew by 5% to Rs. 434 million over the prior year. Overdue interest income grew by 73% to Rs. 80.5 million. The lackluster growth in loans is due to the discontinuation of financing locally manufactured Singer products (SLMP). Loans category is considered to be of strategic importance to SFLP, looking into the future, company has adopted measures to grow this category, SFLP finances the hire purchase pack of Singer Mega, an upmarket channel of the Parent Company and in due course SFLP will be present in all Mega locations island-wide giving us a wider reach to promote other product categories and more importantly to develop a closer relationship with a new customer segment. Further, SFLP has made huge inroads to group sales category in which the Company is the market leader.

Other Operating Income

Other Operating Income grew by Rs. 20 million (27%) to Rs. 96 million and constitutes mainly of, interest income on treasury bill investments and income from service charges. Main growth contributor to other income was from income from Government Securities which grew by 72% YoY.

Interest Expenses

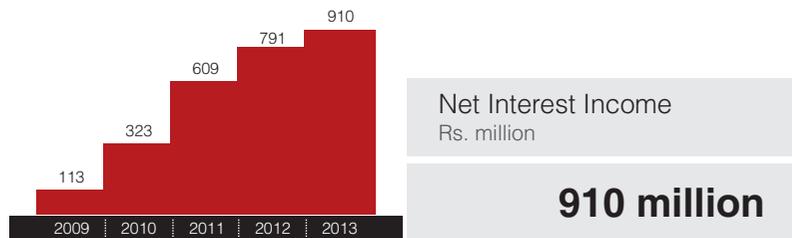

In the year under review interest costs increased by Rs. 334 million to Rs. 742 million year on year (YoY) an increase of 82%. This increase is mainly due to the escalation of cost of borrowing in the year under review.

Debt to capital ratio reduced to 2.7 times compared to 5 times in the prior year. This is due to the increase in capital resulting from the Rights Issue in August 2012.

SFLP's interest cover diminished by 16% to 1.44 due to the escalating cost of funds. The fact that earnings did not negatively affect the interest cover is evident by the exponential growth of 50% in earnings before interest and tax (EBIT) YOY. EBIT is the numerator of interest cover ratio.

Net Interest Income (NII)

The Companies NII grew by Rs. 119 million to Rs. 910 million over the previous year. This growth was possible due to the continuous monitoring of Net Interest Margins (NIM) of the Company and adjusting lending rates according to market conditions.

	2013	2012
Net Interest Income	909,898,110	790,940,796
Interest Income on Treasury Bills	35,955,854	20,952,224
Interest Income on Bank Deposits	7,166,570	759,452
Over Due Interest	80,545,171	46,534,313
Total Interest Income	1,033,565,705	859,186,785
Average Interest Earning Assets	6,754,425,180	5,351,019,348
(Total interest income as a % of total average assets)	15.30%	16.06%

Net Interest Margin (NIM) dropped by 66 basis points to 16.24%, this decrease, is mainly attributable to the high interest costs which took a huge pie out of our NIM's. It should be noted that given the adverse conditions, SFLP managed to sustain a NIM of over 10%, which is the benchmark of the Company. The portfolio of high yield short-term consumer durable loans is a factor that contributes a high NIM compared to the industry and competition.

Staff Cost

Staff costs increased by 33% to Rs. 153 million YoY. This increase is correlated to the increase in head count which stood at 200 Vs 155 as at 31st March 2012. The increase in the number of heads was to supplement income generating activities such as conversion of service windows to full-fledged branches and to staff the newly acquired Singer Mega operations, back end staff increases were to support the business expansions and for new business ventures in the pipeline. Revenue per employee of SFLP increased to Rs. 8.7 million in 2013 compared to Rs. 8.2 million in 2012. This is commendable compared to the competition in which revenue per employee varies between Rs. 3.5 million - Rs. 4 million.

Administration and Selling Expenses

Administration and selling expenses increased marginally by 5% to Rs. 451 million YoY. Main cost lines that increased compared to prior year are travelling and vehicle maintenance allowances, advertising, royalty payable to parent company, stationary and depreciation charged. Whilst there were significant cost savings from collecting commissions payable to parent companies branch managers for collecting rentals of Singer Locally Manufactured products that were financed by SFLP up to December 2012, further significant reductions were recorded in professional fees, security charges and selling commission. SFLP's non-interest expense to gross income was 36.15% Vs 44.75% in 2012, which reflects a very reasonable level of cost management.

Bad Debt Expenses

During the year under review, the Company provided Rs. 64.6 million for bad and doubtful debts this was an increase of Rs. 51.4 million over the prior year. This exponential increase in bad debts is mainly due to the following reasons; in the year under review the country's economy faced a credit squeeze that resulted in the paying-in ratios dropping at an accelerated rate, most small and medium scale businesses and entrepreneurs were facing liquidity issues. The agriculture sector was affected and was hit twice, first by severe floods and then by a drought that was unprecedented in recent years.

Value Added Tax on Financial Services

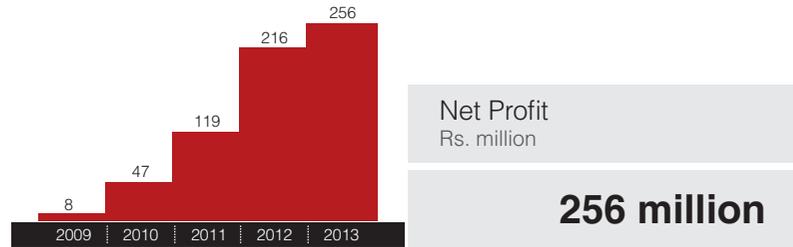

Value added tax expense for the year was Rs. 20.9 million compared to Rs. 26.5 million in the prior year. This decline is due to the significant drop in Hire Purchase and discontinuation of the SLMP business; both these categories attract value added tax on financial services.

Income Tax Expense

Income Tax Expense was Rs. 66.8 million as against Rs. 70 million in the previous financial year.

Singer Finance is currently liable for income tax at 28% on taxable profits with effect from 1st April 2011. The Company's effective tax rate for the year was 20.7% Vs 24.5% in the last Financial Year.

Profit for the Year

The Company recorded Rs. 256 million profits after tax, which is the highest in its 9 year history. Although profit growth was stifled, it should be noted the Singer Finance outperformed the NBFIs in terms of YoY growth in the year under review.

Earnings per Share

The Company's earnings per share for the year was Rs. 1.76 Vs Rs. 2.00 in 2012. In this context, it is to be noted that the number of shares issued and outstanding increased from 106,666,667 to 165,333,334 in the year under review.

Price Earnings Ratio

The price to earnings ratio of the Company as at 31st March 2013 was 7.18 times Vs 8.09 as at 31st March 2011. This decline in P/E ratio is due to the drop in Market price of the share (MPS) as at the financial year end to Rs. 12.60 per share compared to Rs. 16.20 as at 31st March 2012. The drop in the MPS is co-related to the drop in the All Share Price Index and Milanka Price Index of the Colombo Stock Market and cannot be attributable to the fundamentals of the Singer Finance (Lanka) PLC's financial performance or the sentiments for its share.

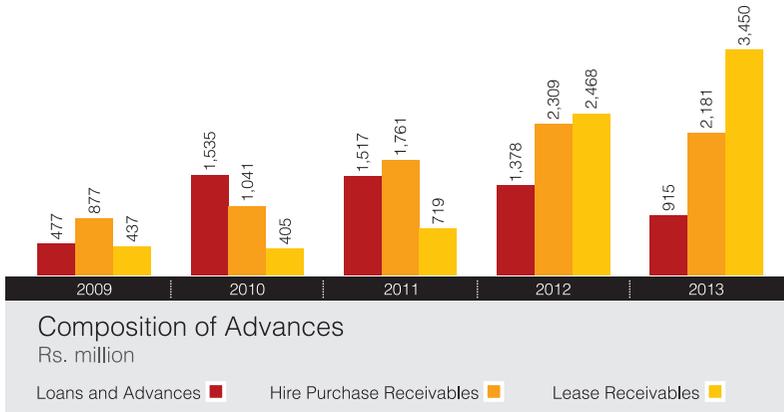

Solvency

Section 56 of the Companies Act No. 07 of 2007, requires that a solvency test be carried out prior to the payment of dividends. The Board of Directors will obtain a certificate of solvency from the Auditors prior to the date of dispatch of the dividend payment.

Return on Equity - (ROE)

Return on Equity for the year under review is 16.90%, whilst in the previous year it was 21.03%. Return on Equity has been computed by comparing the profits for the year and average total equity as at balance sheet date. The reason for the decline in ROE is due to the increase in stated capital resulting from the rights issue. Had the interest rates been more stable during the year under consideration, the return on equity would have been more favourable than reported.

Assets

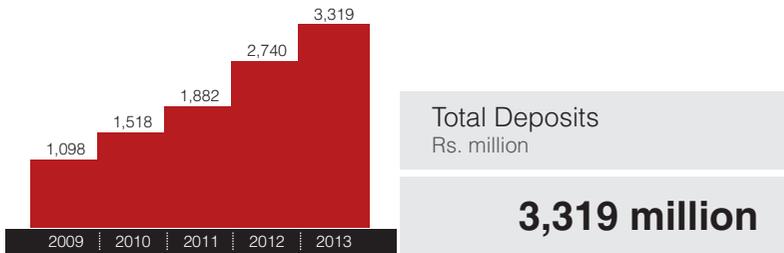

The Asset base increased by Rs. 509.4 million from Rs. 6.748 billion in 2012 to Rs. 7.257 billion in 2013. The main increase was from the lease rentals receivable which grew by Rs. 995 million to Rs. 3.4 billion, HP receivables decreased by Rs. 125 million to Rs. 2.2 billion and Loans and Advances decreased by Rs. 461 million to Rs. 916 million. This decline is due to the discontinuation of SLMP category in December 2012.

Liabilities

Total liabilities as at 31st March 2013 were Rs. 5.3 billion, which includes public deposits amounting to Rs. 3.3 billion. Interest bearing loans and borrowings amounting to Rs. 1 billion and amounts due to the Parent Company Rs. 661 million.

Deposit Base

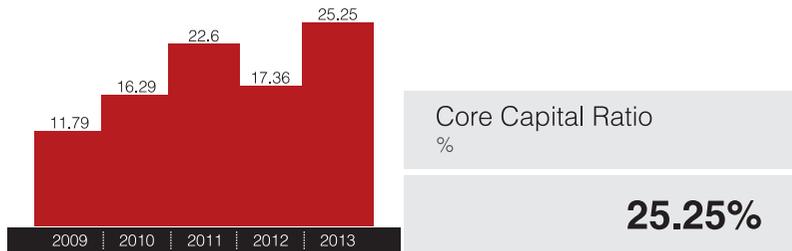

The public continues to be supremely confident of Singer Finance as they invest their savings with us for competitive returns. The YoY growth is Rs. 577 million (21%). The composition of customer deposits to the total borrowings of the Company increased by 14.4% to 66.6% and the advances to deposit ratio (ADR) declined favourably to 198% from 225% in 2012. The main reason for the drop in the ADR is due to the decline in hire purchase and loans portfolios and the shift in the composition of borrowings to a higher deposits value is due to the decline in lending, enabling us to lower borrowing requirements and strengthen the financial position overall.

In the year under review, SFLP introduced minor savings accounts to its portfolio and has a total base of Rs. 780,000/- as at 31st March 2013, although small in value at present, savings is a category that SFLP plans to promote aggressively in the long term. The company offered attractive gift schemes to promote fixed and minor savings accounts offering products from its Parent Company for free, plus an attractive interest rate ensuring that such rates did not breach the ceiling rates set by the Central Bank of Sri Lanka.

Total Equity

Equity increased by Rs. 811 million over the previous financial year and accrued from profit for the year Rs. 256 million less the Dividends paid Rs. 85 million and net proceeds from the Rights Issues amounting to Rs. 640 million.

Capital Adequacy

SFLP has maintained a capital adequacy which is well in advance of the minimum requirement of 10%. As at 31st March 2013 both core capital and capital base stood at Rs. 1.7 billion. This measure is one of the key factors that depositors and lenders of debt capital closely evaluate and the Company boasts of a sound capital base which is one of the highest in the sector.

Net Cash Flow from Operating Activities

During the year under review the Company recorded a negative Rs. 461 million net cash flow from operating activities. Compared to the previous year the net cash flows improved by Rs. 1,133 million. This was mainly due to the decline in business compared with 2011/12 which was a year in which high growth was experienced.

Net Cash Flow from Investing Activities

During the year under review the Company invested Rs. 37.9 million in acquiring Property, Plant & Equipment and incurred Rs. 14.2 Million in software development as a result, the net cash used in investing activities increased by 281% to Rs. 48.6 million in line with business expansion and expanding network.

Cash Flow from Financing Activities

Net cash Inflow from financing activities was Rs. 576.1 million accrued mainly through Interest bearing loans and borrowings. The Company settled Rs. 1.575 billion worth of interest bearing loans and borrowings and borrowed Rs. 1.595 billion in the year under review, further net proceeds from rights issue amounted to Rs. 645 million. During the year under review, the Company paid dividends amounting to Rs. 85 million.

Cash and Cash Equivalents

As at 31st March 2013 cash and cash equivalents of the Company increased by Rs. 66 million to a negative Rs. 216 million.

Accounting Policies

The Financial Statements contained in this report are prepared in accordance with the Sri Lanka Accounting Standards (SLFRS/LKAS's), the requirements of the Colombo Stock Exchange and the Companies Act No. 07 of 2007.

Corporate Social Responsibility

Singer Finance endeavour to protect our environment as we consider it is our duty to preserve it to our future generations

Brand “Singer” inherits a rich history in discharging its social responsibility to the masses of the nation. Throughout the 9 year existence of Singer Finance, it has joined its illustrious parent company in serving the society in numerous ways. We are passionate about making our stakeholders interests served, and have always remained true to its conscious in serving the varying needs of our stakeholders. A list of stakeholders to whom we discharge our social responsibility are summarised below:

Our Stakeholders

We engage only in ethical business with honesty, Integrity, care and courtesy, thus building lifelong relationships with all our stakeholders. The business philosophy of the Company epitomises the stability that Singer Finance is renowned for, throughout its brief history. Our stakeholders and how we engage them will be more fully described elsewhere in this chapter.

Our Communities

Being in the business of lending financial support, has indeed given us immense pleasure. We have always served the needy in their hour of need. We are serving the underserved rural economies and have been successful in helping them to develop their livelihood. Our stakeholders and how we engage them will be morefully described elsewhere in this chapter.

Our Environment

Singer Finance endeavour to protect our environment as we consider it is our duty to preserve it to our future generations. We, as a company have taken steps to reduce carbon foot print in the little way we could. We are striving to reduce the paper wastage by reusing the paper in all our locations and all the internal communications are made electronically. We also have taken steps to maximize the natural lighting to reduce the usage of electricity. All our branches use a standard temperature in order to save electricity and all our locations are equipped with energy saving bulbs with the computer screens being LED. All these minimise the environmental impact in generating electricity and save a considerable amount of KW hours of electricity.

Times are such that the macroeconomic landscape of the country is changing at a rate and the companies that are swift enough to seize the opportunity will survive. Singer Finance is very conscious about the environment when seizing such opportunities. When we set up our branches in new geographical locations we are much concerned about obtaining proper approvals from local environmental authorities and relevant bodies, and respect the livelihoods of the people, hence, we don't set up branches if it disrupts the livelihoods of the natives.

Engaging the Stakeholders

Any business organisation will engage with multifaceted stakeholders in doing business. We engage with such stakeholders and treat them with due respect. This very fact has helped the Company to grow year on year and is looked upon as an organisation that does business in an ethical and sustainable way.

Engaging Customers

Customers are always what organisations look for in any industry and we at Singer Finance are no different and they are the reason why we exist. We being a service organisation, are passionate about our service and we make the customer disbursement in a day which remains a critical success factor in our business. At Singer Finance, customers get the warmth that they have associated for generations with brand "Singer", and this fact is exemplified by the loyalty of our customers.

Our customers are always at ease with the connectivity of the branches and the payment options available, where they could make payments at approximately 400 branches of our parent company in addition to paying at our own branches. They also have the option of paying at any Commercial Bank. This convenience is certainly a huge benefit for our valued customers.

Service options and products available at the branches are designed according to the requirements of our customer. Tailor-made Leasing and Hire Purchase schemes are very popular among our customers, coupled with convenience in method of payment and the professional service provided to them, now Singer Finance has become a destination for the financial needs of our customers.

We are bound to protect the hard earned money of our valued customers Invested with us in the form of fixed deposits and savings. Our stability along with ethical and sustainable business practices have given our customers the faith to invest with us. In return, our fixed deposit holders will get a handsome return in the form of Interest along with peace of mind which stands above all.

Engaging Employees

Our parent company's legacy as an equal opportunity employer who looks after its employees is a legacy that Singer Finance embraced. Although Singer Finance existence is only 9 years, it has many employees who are with the Company since its inception. The Company has given them opportunity to grow with the organisation.

Singer Finance being an equal opportunity employer has given employees with correct attitudes and appetite for success, ample opportunity to develop themselves. The Company invests in training opportunities of its staff for their development and in turn, the Company benefits by the way of a well trained work force. Investments made on staff training have borne fruit as the Company has probably the best income per employee ratio in the industry.

Our well trained employees is a reason why the customers like to associate with Singer Finance. In fulfilling the link between employee engagement and customer engagement, our employees are trained to attract customers and to ensure that we maximise the value of our loyal customer.

Shareholders

Singer Finance has weathered the storms and stood firm even during most challenging times. During a period where more established finance companies were facing liquidity problems, Singer Finance withheld its promise to its shareholders not only by surviving in the difficult times but making profits and distributing part of such profits in the form of Dividend to its shareholders. Singer Finance pays out a consistent dividend to its shareholders and has maintained a steady Dividend pay-out ratio throughout its history.

Every decision that company takes is with the intention of maximising the shareholder wealth in an ethical and sustainable way. Shareholders of the Company are kept well informed with regard to the developments of the Company annually through a general meeting and through press releases from time to time. Also, the Company publishes the state of affairs through its annual report, and quarterly reports also are submitted to the CSE every quarter. The CSE is informed about developments according to the relevant rules and regulations.

We are open to direct communication if a shareholder needs our guidance. We don't restrict the access to management at any time and any member of the staff is directly accessible through telephone or in person. This openness extended to them have always worked to the betterment of the relationship between the management and the shareholders.

Community/Society

We have always maintained our steadfast commitment in serving the community by engaging them in our initiatives, thus building a sustainable business which develops with its stakeholders. In addition to providing direct employment to the people of the locality, we also provide indirect employment.

We have humbly noted that mere presence of Singer Finance have uplifted the lives and businesses of the locality. We have planned to increase the level of community service that we do at present by reaching out to, as many people as possible from the branch location.

Financiers

Our financiers form a very important part of our business. In fact we feel that they are the link that binds the finance industry together. It is with great trust that financiers queue up, to lend to us and to this date we have not let them down. We provide our financiers the information they need for their ease of decision making. The authenticity of the information we provide is highly regarded due to the high standards of corporate governance, high level of risk management and ethical business practices of the Company.

Government

As a corporate citizen, we have acted with responsibility throughout our existence. The Company has paid due taxes on time in discharging its responsibility to the Government. We have always abided by the rules and regulations set by the Government and have maintained a cordial relationship.

Through our financing products, we have helped citizens in taking onto self-employment and expanding businesses. Also, through expansion of the business we have created direct job opportunities to the youth of the locality. As noted earlier, we have also created indirect employment, thus contributing to the Government's objective of providing equal job opportunities and of furthering the economic interests of rural and suburban economies of Sri Lanka.

Legal and Regulatory Bodies

Financing industry needs to adhere to certain rules and regulations set by the Legal and Regulatory bodies. We work closely with the Central Bank, Securities & Exchange Commission and Colombo Stock Exchange apart from others.

We have provided necessary information to them when requested and have coupled with reporting requirements. These institutions act as a safety net to safeguard the customers and investors in the industry. Singer Finance engages these institutions regularly in discharging company's reporting obligations.

Pressure Groups/Media

Singer Finance has always maintained a strong relationship with Pressure Groups and Media. We have treated Pressure Groups and Media with equal respect. So far we have not had any negative experience with Pressure Groups. This we relate to our fair business practice regime. Our doors and communication lines have been open for any of these interest groups and will be so in future.

Industry Peers/Competitors

At Singer Finance we do not treat our competitors as a threat but a factor that makes us grow stronger. We treat our competition with due respect and at all times avoid antagonistic or anti-competitive behaviour. We engage our competitors and Industry at regular meetings held by the Leasing Association where certain non-confidential information is shared for the betterment of the industry and ultimately our customers.

Labour Practices and Decent Work

Our employees are our greatest asset. We believe our organization is as good as the people who work for us. We strive at all times to treat our employees as we want them to treat our customers.

We believe an organisation whose employees are happy is more productive, has higher morale and has a lower employee turnover. Treating our employees as family is a culture developed within the Singer Group, and we are no different, we treat our employees like extended members of our family. Singer Group is considered as one of the best employers in Sri Lanka. Though we have been in existence for only nine years, some of our staff has been with Singer for more than two decades. We always lay emphasis on equal opportunity, providing career development and training opportunities for all. We evaluate all employees on a regular basis assessing their skills, accomplishments, professional goals, training and other relevant factors. This approach has enabled us to design formal training programmes, informal mentoring and regular feedback.

Our Rewards

The Company provides a variety of benefits to its full time employees, way beyond the industry norm.

Distress Loans

Distress loans are available in the case of emergencies such as a sudden illness, a death in the family, damage to homes due to flooding or other disasters, urgent home repairs, or a family wedding.

Vehicle and Motorcycle Loans	Permanent employees belonging to specified categories can apply for interest-free five-year vehicle loans. Seventy-five percent of the vehicle valuation is granted as a loan.
Educational Support	<p>The Company has two schemes to help employees with their studies-</p> <ol style="list-style-type: none"> 1. The Company will grant a lump sum of Rs. 225,000/- for an employee's educational needs. The employee must then serve the Company for a period of eight years. This amount needs to be repaid only if the employee leaves the Company within this period of eight years. 2. The Company will reimburse two-thirds of the cost of a particular course of study provided that the employee is successful in the final examination.
Professional Subscriptions	Subscription fees to any one professional body are reimbursed for all management grade staff.
Death Donation	In the event of an employee's death, his or her family will receive a sum of Rs. 50,000/- in addition to the employee's salary for six months. In the event of the death of an employee's spouse, child, parent or unmarried sibling, the employee is entitled to a sum of Rs. 25,000/-.
Accident Cover	The Company provides accident cover to all staff, whose line of work exposes them to the risk of accidents, either at the workplace, or because their job involves extensive travel.
Travel Expenses	Singer Finance provides several facilities to employees who engage in official travel. This includes vehicle maintenance, a transport allowance and reimbursement of travel expenses. The Company has divided its staff into two categories - field staff and office staff. Vehicle and transport allowances are then allocated depending on which category the employee falls into.
Discounted Sales	All products that are marketed by Singer are offered to its employees at discounted prices and are given on easy payment terms at zero interest.
Lodging	Singer Finance reimburses all expenses incurred by field staff in staying at approved hotels while on official business.
Sports and Recreation Facilities	The Group Head Office has a state-of-the-art gym for the benefit of all employees.
Other Leisure Facilities	<p>Company picnics, inter-departmental sports tournaments and a Christmas party are part of the calendar every year even during times of economic downturn. The Christmas party for the Singer Group is a much looked forward to event in the Company's social calendar. Employees' families are also invited for the event. Religious ceremonies of all faiths are organised regularly.</p> <p>Our Company takes part in the 'Singer Sports Day' organised by the Singer Group and participates in inter-departmental indoor games and six-a-side cricket tournaments.</p>

Human Rights and Equality in the Workplace

Singer Finance is committed to promoting and protecting all human rights contained in the constitution and the international treaties that Sri Lanka has signed. Respecting human dignity and promoting human freedom is very much a part of our business strategy. Singer Group is an equal opportunity employer and all employees are treated with equal respect and dignity. Opportunities for career advancement within the Company are based on performance, future potential and the requirements of the institution. Sex, social background, caste, or old school tie will not act as an obstacle for employees to move up the career ladder. The Company's Code of Conduct prohibits employees from discriminating against another employee, potential employee, customer or supplier because of their race, religion, colour, nationality, age, sex, sexual orientation or disability. Similarly no employee may harass, intimidate, or act in an unwelcome, hostile, offensive, degrading or abusive manner with respect to any other employee, or with respect to any customer or supplier, or the employee of any customer or supplier. Singer encourages its suppliers, customers and business partners to incorporate similar commitments in their business practices. Guaranteeing equal rights and equal opportunities to the large number of women employed within the institution is a matter of priority. The Company takes special steps to create an environment that is comfortable for women of all ages.

Empowering Employees

Employee empowerment is an intrinsic part of our business philosophy. We believe that in order to be truly sustainable, Singer Group must nurture the talents of its employees by pushing them to think 'beyond boundaries' and rewarding them for their loyalty. By adhering to a comprehensive human resources policy that covers the following 12 critical areas, Singer ensures that employees have maximum opportunity for empowerment:

- Recruitment/Transfers
- Manpower planning/Succession planning
- Training and development
- Performance planning, appraisal and development
- Organisation changes
- Occupational health and safety
- Foreign travel
- Complaints
- Grievances
- Rules of disciplinary procedure
- Relative's employment/Business relationship
- Sexual harassment in the workplace

Maternity Leave

Singer, like other companies, is legally obliged to grant new mothers maternity leave of 82 days. However, the Company has always been flexible on maternity leave and has given priority to the interest of the mother and child over that of the Company.

Child and Forced Labour

The Company has a zero tolerance policy on child labour and compulsory labour. At Singer all work is of free will. All employees are over the age of 18, in compliance with Sri Lankan Labour Laws.

Sexual Harassment at the Workplace

Sexual harassment in the workplace is a new area in our HR policy and we are working constantly to educate employees and ensure that complaints are handled promptly. No complaints of sexual harassment were reported during the year.

Eliminating Discrimination

No incidents of discrimination have been reported during the period under review. We maintained a good relationship with our employees and created an environment, free of industrial disputes.

Codes of Conduct

Our Parent Company has adopted the Code of Conduct devised by Singer Asia Ltd., which clearly sets out every employee's responsibilities with regard to compliance with national laws, refraining from bribes and political contributions made on behalf of the Company, divulging confidential information and engaging in insider trading, recording false, inaccurate or incomplete information and avoiding conflicts of interest.

Whistle-Blower Policy Grievance Handling

Our commitment to fairness has made us to implement a procedure for grievance handling. Every employee is provided an opportunity to air his or her grievances and demand remedial action. Fairness and impartiality are integral to each stage of the process and the employee is protected from any retaliatory action. No industrial disputes, individual or collective action were recorded during the year under review.

A problem amongst your staff is like a noise from your car's engine, or a cavity in your tooth. Sure, you can ignore it for a while. But the longer you do, the worse it gets. It's an unalterable truth of life that the sooner you address a problem, the easier it is to solve. As a responsible and caring organisation we think of our staff as a garden and problems within it as weeds. The sooner you get to them, the better. This has been our attitude towards grievance handling, which has paid great dividends in the form of happy, contented and motivated staff.

Occupational Health and Safety

Occupational health and safety is a priority in our Company. We ensure workplaces are hygienic and accident free. Employees are provided with highest forms of protection from work-related accidents.

Investment on Training and Number of People Trained

Training

The five steps in teaching an employee new skills are preparation, explanation, showing, observation and supervision. Employee training takes priority in our organisation.

Each year the Company invests substantially in upgrading the skills and knowledge of its employees. This is one way in which we stay ahead of our competitors. For these purposes we share the resources of our Parent Company's Training Division. Singer has set up a Training Division staffed by full time staff that offers one of the most comprehensive training programmes among business organisations in Sri Lanka. In addition to 'in-house' training programmes, the Company also provides external training for its staff. The training programmes conducted by Central Bank's Training School (CBTS) are the most sought after during the past year.

Driving Our Employees to Higher Levels

The long-term sustainability of our business depends on the training and development we provide to our human resources. Building a company that can adapt to future challenges and benefit from emerging opportunities means that our employees must be equipped with appropriate skills and knowledge. Whenever possible, we fill job vacancies by promoting employees from within the Company. This policy has succeeded in securing the long-term loyalty of our employees and in inspiring them to think 'out of the box'. This philosophy is coupled with a range of specialised training programmes - the 'High Flyers', 'Junior Manager Development', and 'Middle Manager Development' programmes.

The 'High Flyers'

This programme is aimed at the 'non-management' category of the organisation especially at the officer and senior officer levels. Department heads from each division will identify those employees who are eligible for promotion but lack certain skills. The aim of this programme is to close that skill gap. Under this programme, communication skills, presentation skills, personality development and other related subjects are addressed. Over the past few years, a high proportion of those who went through the training were promoted to management level positions.

'Junior Manager Development'

This programme is aimed at developing the managerial skills, communication skills and presentation skills of employees to enable them to move up the organisational hierarchy. In previous years, many of those who completed the training were promoted to the middle management level.

'Middle Manager Development'

This programme was started in 2010 with the intention of polishing the managerial and personal skills required to become a successful senior manager. This comprehensive development programme includes modules on leadership, delegation, evaluation of the performance of subordinates, mentoring and related areas.

Annual Training Needs

Divisional Heads at Singer are required to give a detailed account of their division's training requirements in the third quarter of every year. After an analysis of these and other requirements, our Group Training Division implements tailor-made programmes to address these training needs. These are either external training programmes that send individual employees to seminars, conferences and technical sessions, or through internal programmes that train groups of employees in particular skill sets. Department Heads are also responsible for assessing skill shortages by studying his or her department's annual performance appraisals and analysing the skill requirements needed to successfully navigate future challenges.

Risk Management

“Risk is a function of how poorly a strategy will perform if the ‘wrong’ scenario occurs.”

- Michael Porter

Risk, to varying degrees, is present in all aspects of business activities; therefore effective risk management is fundamental to the success of a finance company. The primary goal is to ensure that there is an appropriate balance between risk and reward in order to maximise shareholder returns both in monetary and non-monetary terms bearing in mind the socioeconomic role the Company plays in the development of the community. Given the ever-changing and challenging risk landscape, both internationally and locally, the Company has been following sound risk mitigating procedures from its inception using its parent's 160 years of experience, especially in the field of credit and recoveries. Risk management in the Company is continuously evolving and awareness is being developed enterprise-wide so that it forms a part of the corporate culture.

Risk Governance

Risk Management Governance Structure of the Company begins with oversight by the Board of Directors, through the Integrated Risk Management Committee.

Integrated Risk Management Committee (IRMC)

Primary purpose of the IRMC is to assist the Board in fulfilling its oversight responsibilities with respect to the operation and effectiveness of risk management. Members to this Committee are appointed by the Board of Directors and include Board members with the participation of the Chief Executive Officer, Group Head of Risk and Divisional Managers.

Risk Management Framework

In order to effectively and efficiently deliver its core purposes, the Company has a comprehensive risk management framework to identify, measure, monitor and control the principal risks assumed in conducting its activities. These risk exposures include Strategic, Credit, Market, Operational and Liquidity.

Staff Awareness

To ensure that all staff are aware of the inherent risk in their areas of responsibility and their role in managing and monitoring risk, the Company facilitates ongoing training at all levels and maintains effective dialogue across functional departments.

Credit Risk

In quantitative terms, credit risk is the most significant risk in a finance company book. Credit risk is the possibility of losses associated with changes in credit profile of borrowers. These losses, associated with change in portfolio value, could arise due to default or deterioration in credit quality.

The major drivers of credit risk are default risk, concentration risk and correlation risk (concentration based on common risk factors between different borrowers, industries, or sectors which may lead to simultaneous default).

In order to strengthen the assets quality and optimise the capital charge, the Company undertakes comprehensive credit risk management practices. Effective credit risk management is a critical component of risk management and essential to the long-term success of the Company.

Credit Risk Management

The Board has approved Credit Risk Management (CRM) Policy and Manual governing all credit risk-related activities of the Company. These policies and procedures are communicated through awareness programmes both at the top level and at the operational level.

The highest authority in credit approval is vested with the Board of Directors, with delegation to the Credit Committee to exercise within its delegated limits or make appropriate recommendations to the Board. The Committee regularly reviews the exposure limits with a view to maintain the credit quality.

The Company has structured and standardised credit approval process, and borrower evaluation model and it is being used to assess risk associated with credit proposals.

A risk-based pricing approach was introduced to achieve an appropriate balance between risk and reward while continuing to enhance the risk management capabilities to assist in achieving corporate objectives.

Portfolio Management

The need for credit portfolio management arises from the potentially adverse impact of concentration of exposure and necessity to optimise the benefits associated with diversification. The Company has developed systems for identification of credit weakness well in advance. The Company's credit portfolio is effectively managed through periodic monitoring, evaluating the portfolio quality by tracking the migration of borrowers from one rating scale to another and keeping close track of deteriorating credit quality.

Segmentation

Loan portfolio of the Company consists of credit originating from all branches including the Head Office. The Company is in the process of refining the segmentation of the loan book, which would facilitate and improve the assessment of the portfolio credit risk in a more proactive manner and help develop strategies for mitigating risk more effectively.

The Company continuously emphasise on good asset quality. Effectiveness of the Company's systems and controls for identifying, monitoring and addressing asset quality in a timely manner is evident from the improvement in Gross Non-Performing Advances Ratio over the years as given in the Financial Highlights of this Annual Report.

Provisioning Policies

Provision for non-performing loans and advances is made on the basis of a continuous review of all loans and advances in accordance with the applicable Accounting Standards and Regulations imposed by the Central Bank of Sri Lanka. The provisioning policy of the Company is given under the Accounting Policies from pages 94 to 107 in this Annual Report.

Concentration Risk Concentration of exposures in the credit portfolio is an important aspect of credit risk. It may arise from two types of imperfect diversification. The first type, name concentration, relates to imperfect diversification of idiosyncratic risk in the portfolio because of large exposures to specific individual obligors. The second type, sector concentration, relates to imperfect diversification across sectors.

Name Concentration Name concentration is monitored and managed by stipulating prudential risk limits on various risks parameters such as single/related party borrower limits.

Sector Concentration Sector concentration risk is managed by establishing sector/Industry exposure limits and establishing Branches and Window Service Centres in different regions.

Market Risk Market risk is the risk that arises due to adverse change in market variables such as interest rates, foreign exchange rates, equity and commodity prices. Mismatches carried in interest rates, currency and equity products which are exposed to general and specific market movements and changes in the level of volatility of interest rates, foreign exchange rates and equity prices generate market risk to the Company.

Market Risk Management Market risk is managed with the broad objectives of-

1. Managing interest rate risk arising from day to day lending activities and deposit acceptance activities with proper classification, valuation, accounting and reporting of the same.
2. Effective control over the operation and execution of market-related transactions while facilitating business growth in a transparent risk management framework.
3. Ensure that overall risk exposure is maintained at prudent levels and consistent with the available capital.
4. Compliance with regulatory requirements.

Interest Rate Risk Interest rate risk is the risk where changes in the market interest rates may adversely affect a company's financial condition. The impact of changes in interest rates affects the Company's earnings in the near term. The long-term impact would be on the Company's net worth as the economic value of its assets and liabilities linked to different rates gets affected by the movements in the market interest rates.

The Company's Net Interest Margin (NIM) is monitored for variance, and appropriate remedial action is taken. This initiative resulted in maintaining NIM at an acceptable level, which ensured that the projected earnings of the Company were well within the expected levels. The Company uses gap analysis to measure the re-pricing risk of the Company's assets and liabilities in order to assess the impact from interest rate changes and thereby on the profitability of the Company. Based on the outcome, the Company takes measures to mitigate any possible adverse impact.

Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities as and when they fall due. Liquidity risk arises from the possibility that market conditions prevailing at some points in the future will require the Company to sell assets at a value which is below their underlying worth, or may result in the inability to exit from the liabilities.

The Company manages liquidity risk in accordance with the regulatory guidelines. Accordingly, the Company manages liquidity risk through cash flow management, maintaining a highly liquid assets portfolio in accordance with the prudential regulations and with a prudent funding strategy. Liquidity ratios are continuously monitored to adhere to internal and external regulatory requirements.

The Company has diverse sources of liquidity to allow for flexibility in meeting funding requirements. Fixed deposits form a significant part of the Company's funding, and the Company continues to work on this concentrated strategy to sustain and grow this segment. The Company also has the option of managing liquidity by borrowing from banks as well as its Parent Company, Singer (Sri Lanka) PLC.

Overall, the Company follows a conservative approach in its management of liquidity and has in place a healthy governance structure, policy framework and review mechanism to ensure availability of adequate liquidity even under stress market conditions.

Operational Risk

Operational risk is the risk of direct or indirect loss resulting from inadequate or failed internal process, people, systems and external events. The Company recognises the significance of operational risk, which is inherent in all areas of business. IT security, internal and external frauds, outsourcing of operations, customers' service quality, operational process reliability, recruitment and training-related issues, social and environment impacts and regulatory compliance have been identified as the major sources of the Company's operational risk.

The Company seeks to minimise exposure to operational risks, through implementing improved management and measurement approaches.

Operational Risk Management Framework

The Board approved Operational Risk Management (ORM) Policy and Manual governs the enterprise-wide management of Operational Risk. This policy aims at not only ensuring consistent application of risk policies, procedures and systems for identifying, measuring, monitoring, reporting and controlling operational risk but also ensures that any new or changed activity, such as new products or system conversions, will be evaluated for Operational Risk prior to implementation.

The Company has established an organisational culture that places a high priority on effective ORM and adherence to sound operational controls. Ownership, management and accountability of operational risk lie with business and functional heads.

Information System Security

A well-defined IT Security Policy is in place which ensures that all critical systems are validated and tested before implementation. Information Technology Division continues to implement Policies and Procedures to enhance and maintain information, security controls and systems.

In addition to the above, the Company implements Policies and Procedures to safeguard the confidentiality of the information. All Singer employees are made aware of the importance of the security of information and confidentiality. Certain critical information is made available only to selected employees. The ethical values that the Company propagates also stress the need to maintain confidentiality.

Business Continuity Plan

A key function of risk management is to manage crisis situation and to ensure the continuity of business across the Company.

The Company Business Continuity Plan (BCP) is a comprehensive plan of actions that spells out the process, procedures and systems, which are essential to continue or restore the operations of the Company in the event of various categories of disasters, based on several levels of severity.

Singer Finance is maintaining a data replication system in an external location on real time online basis. As a result, in the event of any unforeseen disability of the main system, the Company is in a position to operate the IT system in this remote location.

As a key requirement of the Company's BCP, a comprehensive disaster recovery centre is in place outside the Company premises with alternate arrangements to facilitate continuing key operations in the event of various pre-defined scenarios.

Internal, External and Corporate Audit

Internal, external and corporate audits are crucial in the risk management process. Reports on the Group's operational and financial systems by these auditors are reviewed and action taken to manage any risks that have been identified. Significant audit findings by the Auditors are immediately reviewed by the Board appointed Audit Committee.

The Company's system of internal controls covers all policies and procedures, enabling significant strategic and operational risks to be managed.

Insurance

The Company's risk mitigation programmes use insurance policies to transfer the risk of high severity losses arising from frauds and external events that are beyond the control of the Company such as natural disasters, thefts, burglaries, where feasible and appropriate.

Compliance

Compliance describes the way we do business, the way we make decisions and the way we act in order to uphold integrity throughout the Company.

Adherence to the law and internal regulations is the foundation of all our business activities. Compliance risk is the risk that the Company fails to comply with the letter and spirit of all statutes, regulations, supervisory requirements and industry codes of conduct, which apply to the Company's business. The

Company seeks to bring the highest standard of compliance best practices to apply in all the areas we operate. In keeping with our core values, the Company endeavours to comply with the highest professional standards of integrity and behaviour, which build trust. The Company is subject to extensive supervisory and regulatory governance by the Central Bank of Sri Lanka (CBSL).

SFLP's Compliance Officer is the Chief Financial Officer who reports to the Board of Directors. The Compliance Officer, who is a Senior Management Personnel, is responsible for ensuring management of compliance risk within the Company. Compliance risk is managed through internal policies and procedures, which include legal, regulatory and other technical requirements relevant to the business.

Regulatory Compliance

The Company considers compliance with the regulatory requirements and guidelines as core to its business and good governance. The Compliance Officer is responsible for regulatory compliance and also dissemination of regulatory instructions across the Company. As per the Corporate Governance Direction, the Board ensures compliance with all prudential requirements, regulations, laws and internal controls affecting the Company.

During the period under review, there were no material non-compliance with prudential requirements, regulations, laws and internal controls pertaining to the Company.

Anti-Money Laundering (AML)/Combating Terrorist Financing (CTF)

There has been considerable focus on implementing the new directives and legislative requirements related to anti-money laundering and financial crime across the world. In response to international best practice and global standards of AML and CTF, the Government of Sri Lanka has enacted laws during 2005-2006. Accordingly, CBSL issued Know Your Customer (KYC)/Customer Due Diligence (CDD) rules in 2007 and thereafter, the Company implemented policies which include obligations such as customer identification and verification, record keeping, monitoring and the establishment and maintenance of an AML/CTF programme.

Capital Adequacy Ratio (CAR)

This gives a sense of the financial stability of the Company. Singer Finance (Lanka) PLC complies with regulatory requirement for calculation of CAR as required by CBSL and applies the standardised approach for Credit Risk, standardised measurement method for Market Risk and basic indicator approach for Operational Risk. On the above basis, our CAR is at a strong position, which is above the minimum required by the regulator, providing a healthy 'cushion' against any potential losses.

Caveat

Although the key sources of risk and their mitigation have been discussed in this document, no assurance can be given that the Company is fully-protected against all possible risks. As noted in the Report, the best that can be achieved is reasonable management of risks through a sound operational framework that identifies, evaluates and mitigates the negative impact in a timely manner at multiple levels. In this context, the Company is confident that all material risk factors have been adequately assessed and managed to ensure the uninterrupted and profitable continuity of the business.

Corporate Governance

We are in the era of envisioning the Company vision of “To Be the Foremost Finance Company” and ensuring the development of a learning corporate culture where each and every employee is encouraged to create cross functional teamwork to deliver integral performance and long-term sustainability.

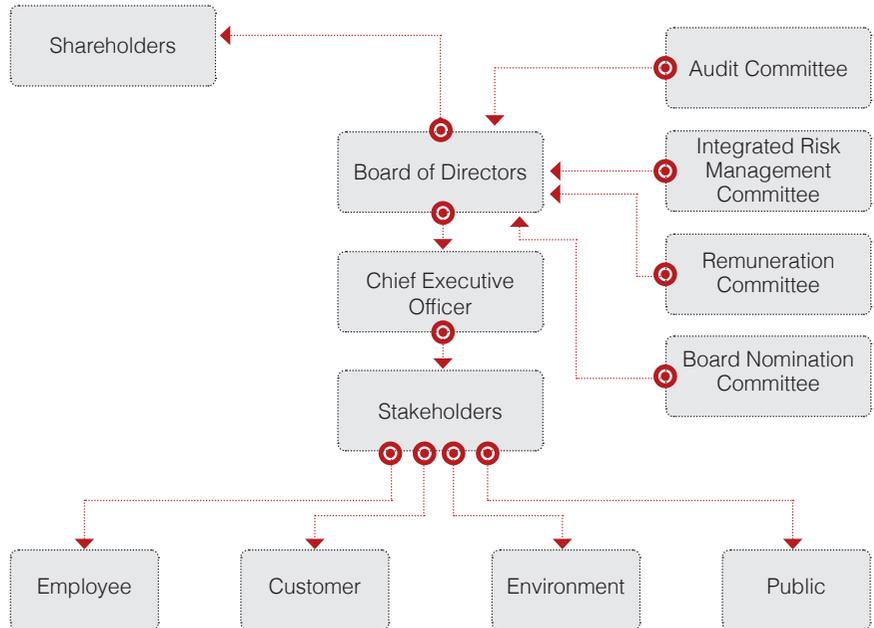

‘We are in the periphery of developing a corporate culture that interconnects every individual to deliver integral performance and long-term sustainability...’

Governance Policy

Distinct corporate governance provides a structure that works for the benefit of everyone concerned by ensuring the Company adheres to accepted ethical standards and best practices as well as to formal laws. An intense set of controls over business processes shaped by strategic management decisions towards the shareholder wealth creation and the betterment of other stakeholders form a good corporate citizen eventually.

A well-defined structure of corporate governance in Singer Finance intends to encompass the set of core values, accountability to shareholders, relationship with management, environmental protection and anti-corruption measures. The Board of Singer Finance is committed to deliver a holistic service embedded by the highest ethical standards in the regime of excellent corporate governance practices across all areas.

The diagram below shows the governance structure of the Company which ensures the integral performance and long-term sustainability:

Business Ethics

We are in the era of envisioning the Company vision of “To Be the Foremost Finance Company” and ensuring the development of a learning corporate culture where each and every employee is encouraged to create cross functional teamwork to deliver integral performance and long-term sustainability.

A precise system of governance is an indispensable requirement for a company to attract and maintain the public confidence by which the transparency of business activities is disclosed. Whistle-blowing policy is implemented to encourage employees to raise a concern about the wrongdoing at work and take necessary solutions.

All employees are bound by pertinent rules and regulations and the Company’s written Code of Conduct to persuade them to be honest and avoid conduct which can reflect a bad image on the Company.

Directions on Corporate Governance

The Company is in compliance with the Directions on corporate governance issued by the following institutions:

Code of Best Practice on Corporate Governance

The Institute of Chartered Accountants of Sri Lanka is the pioneers in introducing the first code namely, “Code of Best Practice on Matters Related to Financial Aspects of Corporate Governance” issued in December 1997. Subsequently, this Code was revised in 2005 by the ICASL.

In 2008, a joint code was published by the ICASL and SEC with the view of providing more extensive best practice provisions that corporates are encouraged to adopt in discharging their corporate governance activities in following areas:

- Directors
- Directors' Remuneration
- Relationship with Shareholders
- Accountability and Audit
- Shareholders

Central Bank of Sri Lanka

The Monetary Law Act (Chapter 422) established the Central Bank of Sri Lanka (CBSL) as the authority responsible for the administration, supervision and regulation of the monetary, financial and payment system of Sri Lanka. By the same Act, CBSL has been charged with the objectives of economic and price stability, with a view to encouraging and promoting the development of the productive resources of Sri Lanka.

In order to ensure financial system stability, the Finance Companies Act No. 78 of 1988 empowers the Monetary Board to issue Directions, rules, determinations, notices and guidelines to finance companies.

The Monetary Board of the Central Bank of Sri Lanka under Section 9 of the Finance Companies Act has issued a set of guidelines namely, Finance Companies (Corporate Governance) Directions No. 03 of 2008 and Finance Companies (Corporate Governance - Amendment) Direction No. 04 of 2008, to be complied by the Registered Finance Companies.

Listing Rules of the Colombo Stock Exchange

Colombo Stock Exchange has issued Listing Rules to ensure the creation and maintenance of a market in which securities can be issued and traded in an orderly and fair manner and which secures efficiency and confidence of all stakeholders in the operation and conduct of the market. The CSE has issued rules on Corporate Governance under its Ruling 7.10 to be complied by the companies listed in the Exchange.

Compliance Statement of Corporate Governance Principles in Singer Finance

Corporate Governance Principle	Reference to CBSL Regulation/SEC & ICASL Code and CSE Listing	Extent of Compliance	Status of Compliance
Section 1: The Company

Corporate Governance Principle	Reference to CBSL Regulation/SEC & ICASL Code and CSE Listing	Extent of Compliance	Status of Compliance
		Subject to the transitional provisions contained herein and subject to paragraph 5(1) of this Direction the total period of service of a director other than a Director who holds the position of Chief Executive Officer or Executive Director shall not exceed nine years. The total period in office of a Non-Executive Director shall be inclusive of the total period of service served by such Director up to the date of this Direction.	
		With effect from three years from the date of the Direction No. 3 of 2008, a meeting of the Board shall not be duly constituted, although the number of directors required to constitute the quorum at such meeting is present, unless at least one half of the number of Directors that constitute the quorum at such meeting are Non-Executive Directors.	
		All Directors appointed to fill a casual vacancy shall be subject to election by shareholders at the first general meeting after their appointment.	
		If a Director resigns or is removed from office, the Board shall announce to the shareholders and notify the Director of the Department of Supervision of Non-Bank Financial Institutions of the Central Bank of Sri Lanka, regarding the resignation of the Director or removal and the reasons for such resignation or removal, including but not limited to information relating to the relevant Director's disagreement with the Board, if any.	
A.6 Supply of Information	Code A.6.1	The management provides relevant timely information to the Board, and Directors make additional inquiries where required on the information provided previously. Board papers normally contain monthly management accounts set, applicable ratios, branch operations, deposit mobilisations etc. to facilitate quality conduct of the Company.	Complied
A.7 Appointments to the Board	Code A.7.1, A.7.2	Board Nomination Committee recommends the new Board appointments. In recommending a new appointee to the Board, a special emphasis is made on the challenges ahead and the competency of the existing Board to face those challenges. Shareholders will be provided with a brief résumé of the newly appointed Directors in this Annual Report along with their expertise, names of the companies in which they hold directorships and their independence.	Complied
	CBSL 4.9	There is a formal transparent procedure for the appointments of new Directors. New Chairman, Dr. S. Kelegama appointed to fill the vacancy created after the resignation of Mr. H.D.S. Amarasuriya due to serving the Board for the maximum period allowed (9 years) under Finance Companies Direction No. 3 of 2008. Directors appointed will be forwarded to the shareholders for election in the Annual General Meeting.	Complied
A.8 Re-Election	Code A.8.1, A.8.2	All Directors are re-elected by shareholders at regular intervals in the Annual General Meeting. No member of the Board excluding the Chairman gets an automatic reappointment. All reappointments are through vote at the AGM. Shareholders are provided with résumé of such Directors submitted for election or re-election.	Complied

Audit Committee Report

Preamble

The Committee is empowered to review and monitor the financial reporting process of Singer Finance (Lanka) PLC so as to provide additional assurance on the reliability of the Financial Statements through a process of independent and objective review. As such, the Audit Committee acts as an effective forum in assisting the Board of Directors in discharging their responsibilities on ensuring the quality of financial reporting and related communications to the shareholders and the public.

Composition of the Committee

The Board of Directors has established the Audit Committee in accordance with best practices on Audit Committees. As at year end, the Audit Committee comprised of two Independent Non-Executive Directors of the Board namely Mr. J.A. Setukavalar, Mrs. M. Tharmaratnam and two Non-Executive Directors, Dr. Saman Kelegama and Mr. M.P.A. Salgado The Head of Risk Management functions as the Secretary to the Committee. The CEO, Finance Manager/ Compliance Officer, Manager Financial Reporting, Audit Staff, representatives of External Auditors represents the Audit Committee. When necessary, the Chairman, Group CEO and relevant operational managers attend the meetings by invitation.

Responsibilities and Duties of the Committee

The Audit Committee's authority, responsibilities and specific duties have been formalised through an Audit Committee Charter. By this, the Audit Committee is empowered among other things to examine any matters relating to the financial affairs of the Singer Finance (Lanka) PLC and to review the adequacy of the internal control procedures, coverage of internal and external audit programmes, disclosure of Accounting Policies and Compliance with Statutory and Corporate Governance requirements.

The Committee also provides a forum for the impartial review of the reports of Internal and External Auditors and to take into consideration findings and recommendations stated therein, related to significant business and internal control risks.

The Audit Committee reviews significant business and internal control risks and suggests, where necessary, appropriate remedial measures.

The Committee along with the Board, Internal Auditors and external auditors review the Quarterly Financial Results to ensure compliance with mandatory, statutory and other regulatory requirements laid down by the authorities. The Audit Committee also reviews the Corporate Audit Report done by the Corporate Internal Auditors of Singer Asia Ltd, an audit is carried out at least once a year by Corporate Auditors.

The Compliance Officer monitors the Singer Finance (Lanka) PLC compliance with the applicable laws and regulations, including any internal policy Codes of Conduct of its employees. Thus the Committee ensures that a sound financial reporting framework, which is well-monitored to give accurate, appropriate and timely information to the Board of Directors, Management, Regulatory Authorities and shareholders is in place

Internal Audit

The internal audit function of the branches is outsourced to Messrs Ernst & Young and B.R. De Silva Chartered Accountants. The Head Office functions are audited by the Internal audit division of the Parent Company headed by the Head of Risk Management. The Internal Auditors are responsible to review and report on the efficacy of the internal control system and compliance with statutory and other regulations and the Company's accounting and operational policies.

Meetings of the Committee

During the year, nine Audit Committee meetings were held to discuss the reports of the Internal and External auditors and quarterly Accounts. The final accounts were also discussed at the meeting held on 27th May 2013. The minutes of the meetings were tabled at the meeting of the Board of Directors for information and necessary action.

The Committee is of the view that adequate controls and procedures are in place to provide reasonable assurance that the Company's assets are safeguarded and that the financial position of the Company is well-monitored.

External Auditors

The Committee reviewed the non-audit services provided by the Auditors to ensure that the provision of these services do not impair their independence.

The Audit Committee recommended to the Board of Directors that Messrs KPMG Chartered Accountants be reappointed as the External Auditors for the year ending 31st March 2014, subject to the approval of the shareholders at the Annual General Meeting.

Conclusion

Finally, I thank all the members who served on the Audit Committee during the year for their valuable contribution to the deliberations of the Committee

Mr. J.A. Setukavalar

Chairman - Audit Committee

Integrated Risk Management Committee Report

Role of the Committee

The main role and responsibilities of the Committee are to assist the Board in fulfilling its oversight responsibilities for all aspects of risk management. In this connection the Committee focuses on, and reviews risks such as credit, market, liquidity, operational and strategic risks through appropriate risk indicators and management information.

In addition to the above, the Committee is responsible for reviewing and/or recommending the following which are identified in the Charter of the Integrated Risk Management Committee:

- Review and oversee the risk and compliance profile of the Company within the context of the Board determined risk parameters.
- Make recommendations to the Board concerning the Company's risk appetite and particular risk or compliance management practice of the Company.
- Review and oversee the management's plan for mitigating of the material risks faced by the various business units of the Company.
- Oversee and review the implementation of risk management and regulatory compliance throughout the Company.

Composition and Quorum

The following Directors serve as the members of the Committee during the year under review:

Dr. Saman Kelegama;

Mr. Priyath Salgado;

Mr. Shantha Wijeweera; and

four executives representing different risk areas of the Company. The Group Head of Risk Management functions as the secretary to the Committee.

The quorum of the Committee is two members.

The other members of the staff are invited to attend the meeting when the Committee requires their presence.

Meetings and Activities

The Committee met two (2) times during the year under review.

The Committee is conscious, when carrying out its responsibilities, that the Company is in the business of taking risk. The aim of the Company and the Committee is therefore not to minimise risks but to optimise it by ensuring that risks being taken are, properly identified and understood, appropriate, relative to the scale and type of business, affordable, properly controlled and managed and earning an appropriate return.

The Committee works closely with the Audit Committee and reviews the whistle-blower policy of the Company.

The Committee reports to the Board by way of minutes giving the recommendations. All minutes of the Committee meetings are tabled and ratified at meetings of the Board and follow up action is taken on outstanding matters.

Conclusion

The Committee is of the view that the Company has made progress towards meeting the challenges of risk management and compliance, complying with International Standards. In view of accomplishing this task, the abovementioned Risk Management Committee assesses the credit, market, liquidity, operational and strategic risks on a regular basis through appropriate risk indicators and management information.

Dr. S. Kelegama

Chairman - Integrated Risk Management Committee

Credit Committee Report

Purpose

The Credit Committee (the 'Committee') of Singer Finance (Lanka) PLC (the 'Company'), is responsible for exercising oversight of Senior Management's identification and management of the Company's credit exposures on an enterprise-wide basis and the Company's responses to trends affecting those exposures, and oversight of Management's actions to ensure the adequacy of the allowance for credit losses and the Company's credit-related policies.

Committee's Authority and Responsibilities

In performing its oversight responsibilities as set forth above, the Committee shall oversee Management's establishment of policies and guidelines, to be adopted by the Board, articulating the Company's tolerances with respect to credit risk, and shall oversee management's administration of, and compliance with, these policies and guidelines. The Committee shall oversee Management's establishment of appropriate systems (including policies, procedures and management committees), that support measurement and control of credit risk, and shall periodically review management's strategies, policies and procedures for managing credit risk, including credit quality administration, and the establishment and testing of allowances for credit losses.

The Committee shall oversee management's administration of the Company's credit portfolio, including Management's responses to trends in credit risk, credit concentration and asset quality, and shall receive and review reports from Management regarding compliance with applicable credit risk related policies, procedures and tolerances.

The members of the Committee were:

Mr. M.P.A. Salgado - *Chairman*

Mr. R.S. Wijeweera

Mr. Janaka Mendis

Mr. Thushan Amarasuriya

Mr. Ruwan Jayasuriya - *Secretary*

Mr. Iman Perera

Conclusion

The Committee is of the view that the Company has made progress towards meeting the challenges of credit evaluation and the management of the Company's credit exposures complying with best practices. Finally, I would like to thank all the members who served on the Credit Committee during the year for their valuable contribution to the deliberations of the Committee.

For and on behalf of the Credit Committee,

Mr. M.P.A. Salgado

Chairman - Credit Committee

Remuneration Committee Report

The Remuneration Committee consists of three Non-Executive Directors, Chairman, Group Chief Executive Officer and Chief Executive Officer who is also the Executive Director. The Committee is chaired by a Non-Executive Director. The Group Chief Executive Officer and Chief Executive Officer assist the Committee by providing the relevant information and participating in its analysis and deliberations.

The scope of the Committee is to 'look into fees, remuneration and perquisites of the Chief Executive Officer, Independent Directors, Non-Executive Directors and Executive Director of the Board of the Company including Alternate Directors and approve recommendations made by the Group Chief Executive Officer and the Corporate Officer of Singer Asia Ltd.'. Singer Asia Ltd. is the intermediate Parent of Singer (Sri Lanka) PLC.

The Committee also reviews the policies pertaining to the remuneration and perquisites of the Executives of the Company.

A primary objective of the compensation packages is to attract and retain a highly qualified and experienced workforce and reward performance. These compensation packages should provide compensation to commensurate with each employee's level of experience and contribution, bearing in mind the business performance and long-term shareholder returns.

The Committee meets from time to time and reviews the Company's remuneration and fee structures to assure alignment with strategic priorities and with compensation offered by comparative companies. The Committee met once during the relevant period.

I wish to thank and place on record my appreciation of the invaluable services rendered by Mr. Hemaka Amarasuriya and Mr. Asoka Pieris who resigned from the Committee on 30th April 2013 and also thank the other members of the Committee, for their valuable contributions to the deliberations of the Committee.

Dr. S. Kelegama

Chairman - Remuneration Committee

Colombo

Board Nomination Committee Report

Role of the Committee

The main role and responsibilities of the Committee are to propose a suitable Charter for the appointment and reappointment of Directors to the Board and to act in accordance with such Charter in proposing appointments and reappointments. Such Charter shall cover areas such as qualifications, competencies, independence, relationships which have potential to give rise to conflict *vis-à-vis* the business of the Company etc.

Further, the Committee reviews the structure, size, composition and competencies (including the skills, knowledge and experience) of the Board and makes recommendations to the Board with regard to any changes if necessary.

Composition and Quorum

During the year, three Non-Executive Directors and the executive director served in the committee with the Secretary to the board being the Secretary to the Committee. Due to the resignation of Mr. H.D.S. Amarasuriya from the board, he seized to be the Chairman of the Committee, effective 30th April 2013. Also, Mr. H.A. Pieris seized to be a member of the committee due to his resignation from the Board on 30th April 2013.

Meetings and Activities

The Committee met once during the year under review.

The Committee has nominated Mrs. M. Tharmaratnam to the Board as an Independent Non-Executive Director .

Conclusion

I wish to thank and place on record my appreciation of the invaluable services rendered by my predecessor, Mr. H.D.S. Amarasuriya and Mr. H.A. Pieris who resigned from the Committee on 30th April 2013 and to all the members who served in the Committee during the year for their contribution to the deliberations of the Committee.

Dr. S. Kelegama	-	-
Mrs. M. Tharmaratnam	-	-
Mr. J.A. Setukavalar	-	-
Mr. J. Hyun	-	-
Mr. Gavin Walker	-	-
Mr. H.A. Pieris (<i>Resigned w.e.f. 30th April 2013</i>)	51,002	20,002
Mr. Y.C.J. Kan	-	-
Mr. M.P.A. Salgado	68,442	20,002
Mr. R.S. Wijeweera	31,003	20,002
Mr. S. Ramanathan	-	-
Mr. J. Mendis	42,000	35,700
Mr. P.J. De Silva	45,000	27,700

Senior Independent Director

As per the requirement of Finance Companies (Corporate Governance) Direction No. 03 of 2008 section 7(2), Finance Companies (Corporate Governance Amendment) Direction No. 04 of 2008, Mrs. M. Tharmaratnam was appointed as Senior Independent Director with effect from 30th April 2013.

Employment

The number of persons employed by the Company as at 31st March 2013 was 200 (2011/12 - 155).

Details of human resource initiatives are detailed in the employees' section of the sustainability report.

Independence of Directors

In accordance with the Finance Companies (Corporate Governance) Direction No. 3 of 2008, Finance Companies (Corporate Governance Amendment) Direction No. 04 of 2008, Section A 5.4 of Code of Best Practice on Corporate Governance and Rule 7.10.2 (b) of the Colombo Stock Exchange (CSE) Listing Rules, Dr. Saman Kelegama, Mrs. M. Tharmaratnam and Mr. J.A. Setukavalar who are Non-Executive Directors of the Company, have submitted a signed and dated declaration as per the specimen given in appendix 7 (A) of continuing listing requirement of CSE.

Although Dr. Saman Kelegama has not met the criteria mentioned in the Finance Companies (Corporate Governance) Direction No. 3 of 2008 Section 4.4 (e), Finance Companies (Corporate Governance Amendment) Direction No. 04 of 2008, Section A 5.5 of Code of Best Practice on Corporate Governance and Item (g) of Rule 7.10.4 of the CSE Rules, the Board of Directors of the Company is of the opinion that Dr. Saman Kelegama is nevertheless independent on the following basis.

- (a) His high standing in society and business sector
- (b) His experience and knowledge particularly in the field of Economics will continue to be an asset to the Company

- (c) His continued valuable services to the Company in various ways and in particular as the Chairman of the Board Remuneration Committee and Board Nomination Committee of the Company.
- (d) He does not participate in executive decision making

(Dr. S. Kelegama did not participate in these deliberations and decisions taken pursuant thereto as referred to above to avoid conflict of interest).

Corporate Governance

Director's Declaration

The Directors declare that having considered having all information and explanations made available to them that:

- (a) the Company complied with all applicable laws and regulations in conducting its business;
- (b) the Directors have declared all material Interest in contracts involving the Company and refrained from voting on matters in which they were materially interested;
- (c) the Company has made all endeavours to ensure the equitable treatment of shareholders;
- (d) the business is a going concern with supporting assumptions or qualifications as necessary, and
- (e) have conducted a review of internal controls covering financial, operational and compliance controls and risk management and have obtained a reasonable assurance of their effectiveness and successful adherence herewith.

The Corporate Governance report is given under the governance section of the Annual Report.

Donations

During the year, the Company has not made any donations.

Auditors

The Financial Statements for the period under review were audited by Messrs KPMG, Chartered Accountants who offer themselves for re-appointment for the ensuing year. The Directors propose the re-appointment of Messrs KPMG, Chartered Accountants as Auditors of the Company for the year 2013/14.

The audit and non-audit fees paid to the Auditors by the Company is disclosed in Note 7 on page 108 in this Annual Report.

As far as the Directors are aware, the Auditors do not have any relationship or interest in the Company.

The Audit Committee reviews the appointment of the Auditor, its effectiveness and its relationship with the Company including the level of audit and non-audit fees paid to the Auditors. Details on the work of the Audit Committee are set out in the Audit Committee Report.

Notice of Meeting

The 6th Annual General Meeting will be held at The Sri Lanka Foundation Institute, No. 100, Independence Square, Colombo 7 on Thursday, 27th June 2013 at 10.00 a.m.

The Notice of the Annual General Meeting of the shareholders is given on page 140.

For and on behalf of the Board,

Mrs. M.A. Tharmaratnam
Senior Independent Director

R.S. Wijeweera
Director/CEO

K.K.L.P. Yatiwella (ACA)

Statement of Directors' Responsibility

The Companies Act No. 07 of 2007 requires Directors to ensure that the Company keeps accounting records, which correctly record and explain the Company's transactions and prepare Financial Statements that give a true and fair view of the state of the Company's affairs as at the Reporting date and of the profit for the year.

The Directors are also required to ensure that the Financial Statements have been prepared and presented in accordance with the Sri Lanka Accounting Standards SLFRS/LKAS, the Directions issued by the Monetary Board of the Central Bank of Sri Lanka, under the Finance Business Act No. 42 of 2011 and the Rules of the Colombo Stock Exchange. They are also responsible for taking reasonable measures to safeguard the assets of the Company, and in that context to have proper regard to the establishment of appropriate systems of Internal Controls with a view to the prevention and detection of fraud and other irregularities.

The Directors are of the view that these Financial Statements have been prepared in accordance with the Sri Lanka Accounting Standards SLFRS/LKAS as laid down by The Institute of Chartered Accountants of Sri Lanka.

The Directors endeavour to ensure that the Company maintains sufficient records to be able to disclose, with reasonable accuracy, the financial position of the Company and to be able to ensure that the Financial Statements of the Company meet with the requirements of the Companies Act, Sri Lanka Accounting Standards SLFRS/LKAS, the Directions issued by the Monetary Board of the Central Bank of Sri Lanka, Finance Business Act No. 42 of 2011 and the Rules of the Colombo Stock Exchange.

The Directors have a reasonable expectation, that the Company has adequate resources to continue in operational existence for the foreseeable future, and therefore, have continued to adopt the going concern basis in preparing the accounts.

As required by Section 56 (2) of the Companies Act Direction No. 01 of 2013 issued by the Central Bank of Sri Lanka and in terms of Article 7 (2) of the Articles of Association of the Company, the Board of Directors have authorised the payment of dividends, being satisfied based on information available to it that the Company would satisfy the Solvency Test after such distributions in accordance with Section 57 of the Companies Act No. 07 of 2007. Accordingly, the Board of Directors has signed the Certificate of Solvency.

Board of Directors has obtained the Certificate of Solvency from the Auditors in respect of the dividends paid. In respect of the authorised final dividend, the Company shall forward to CSE, prior to the date of dispatch of the dividend payment, a certificate by the Auditors to the effect that the Company is able to satisfy the Solvency Test immediately after the distribution.

Messrs KPMG, Chartered Accountants the Auditors of the Company, have examined the Financial Statements made available by the Board of Directors together with all relevant financial records, related data, minutes of Shareholders' and Directors' meetings and express their opinion in their Report on page 89 of the Annual Report.

Compliance Report

Based on the Report of the Compliance Officer, the Directors confirm that to the best of their knowledge and belief, all taxes, duties and levies payable by the Company, all contributions, levies and taxes payable on behalf of and in respect of the employees of the Company, and all other known statutory dues as were due and payable by the Company as at the Reporting date have been paid, or were provided.

By Order of the Board,

K.K.L.P. Yatiwella (ACA)
Company Secretary

TO THE SHAREHOLDERS OF SINGER FINANCE (LANKA) PLC

We have audited the accompanying financial statements of Singer Finance (Lanka) PLC ("the Company"), which comprise the statement of financial position as at March 31, 2013, the statements of comprehensive income, changes in equity and cash flow for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information set out on pages 90 to 132 of the Annual Report.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Accounting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Scope of Audit and Basis of Opinion

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Sri Lanka Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit. We therefore believe that our audit provides a reasonable basis for our opinion.

Opinion

In our opinion, so far as appears from our examination, the Company maintained proper accounting records for the year ended March 31, 2013 and the financial statements give a true and fair view of the financial position of the Company as at March 31, 2013, and of its financial performance and its cash flow for the year then ended in accordance with Sri Lanka Accounting Standards.

Report on Other Legal and Regulatory Requirements

These financial statements also comply with the requirements of Section 151(2) of the Companies Act No. 07 of 2007.

		365,899,245	383,634,279

The Notes on pages 94 through 132 form an integral part of these Financial Statements.

Notes to the Financial Statements

1. Corporate Information

1.1 Reporting Entity

1.1.1 General

Singer Finance (Lanka) PLC is a limited liability company incorporated and domiciled in Sri Lanka. The Registered Office of the Company is located at No. 80, Nawam Mawatha, Colombo 2, and the principal place of business is situated at the above address.

1.1.2 Principal Activities and Nature of Operations

The principal activities of the Company consist of finance leasing, hire purchase financing, financing of consumer durables under loan scheme and granting loans and mobilising fixed deposits.

In addition to the above, the Company launched a savings product for children under the name 'Singer Muthu' during the year under operation.

1.1.3 Parent Enterprise and Ultimate Parent Enterprise

The Company's parent undertaking is Singer (Sri Lanka) PLC.

The Company's ultimate parent undertaking and controlling party is Retail Holdings NV, which is incorporated in the Netherlands, Antilles.

1.1.4 Number of Employees

The number of employees of the Company as at the end of the year was 200 (2011/12 - 155).

1.1.5 Date of Authorisation for Issue

The Financial Statements of Singer Finance (Lanka) PLC for the year ended 31st March 2013 were authorised for issue by the Board of Directors on 30th May 2013.

1.2 Basis of Preparation

1.2.1 Statement of Compliance

The Financial Statements have been prepared in compliance with Sri Lanka Accounting Standards (hereinafter referred to as SLFRS) issued by The Institute of Chartered Accountants of Sri Lanka (ICASL) and the requirements of the Companies Act No. 07 of 2007 and Sri Lanka Accounting and Auditing Standards Act No. 15 of 1995.

These are the Company's first Financial Statements prepared and presented in accordance with Sri Lanka Accounting Standards (SLFRS), with the application of SLFRS 1 - First-time Adoption of Sri Lanka Accounting Standards.

The Statement of Financial Position as at 1st April 2011 (date of transition to SLFRS) and 31st March 2012, the Statements of Income, Comprehensive Income, Changes in Equity and the Cash Flows for the year ended 31st March 2012, were retrospectively prepared based on the Sri Lanka Accounting Standards (SLFRS) effective from 1st January 2012 as required by SLFRS 1 - First-time Adoption of Sri Lanka Accounting Standards.

The effect of the transition to SLFRS on previously reported financial positions, financial performances and cash flows of the Company is given in Note 35 to the Financial Statements.

1.2.2 Basis of Measurement

The Financial Statements have been prepared on the historical cost basis except for certain investments, and are measured at fair value and Defined Benefit Plans which are measured at the present value of the Retirement Benefit Obligations as explained in the respective Notes to the Financial Statements.

**1.2.3
Functional and
Presentation Currency**

The Financial Statements are presented in Sri Lankan Rupees which is the functional currency of the Company.

**1.2.4
Use of Estimates
and Judgments**

The preparation of Financial Statements in conformity with SLFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and any future periods effected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the Financial Statements is included in the following Notes:

- Note 23 - Measurement of retirement benefit obligations
- Note 30 - Commitments and Contingencies

**1.2.5
Changes in
Accounting Policies**

**Revenue Recognition -
Service Fee**

The Company changed its method of recognising service fee income on hire purchase, lease transactions and Loans from deferring and amortising over the period of contract, to recognising the Income upfront when the Company enters in to contract keeping in line with LKAS 18.

In accordance with LKAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, Service Fee recognised as Income in the Statement of Comprehensive Income for the current period is Rs. 1.9 million and the periods prior are restated accordingly.

**2. Significant
Accounting Policies**

The accounting policies set out below have been consistently applied to all periods presented in these Financial Statements and in preparing the opening SLFRS Statement of Financial Position at 1st April 2011 for the purpose of the transition to SLFRS, unless otherwise indicated. The accounting policies used are consistent with those used in the previous year, except as explained in Note 34, which addresses changes in accounting policies. Certain comparative amounts have been reclassified to conform to the current year's presentation.

The Directors have made an assessment of the Company's ability to continue as a going concern in the foreseeable future, and they do not intend either to liquidate or cease trading.

**2.1 Foreign Currency
Translation**

Transactions in foreign currencies are initially recorded at the functional currency rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated at the functional currency rate of exchange ruling at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are re-translated using the exchange rates as at the dates of the initial transactions. Foreign exchange differences arising on translation are recognised in profit or loss.

2.2 Property, Plant & Equipment

Items of Property, Plant & Equipment are measured at cost less accumulated depreciation and impairment losses.

2.2.1 Cost and Valuations

Cost includes expenditure directly attributable to the acquisition of the asset. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment. When parts of an item of Property, Plant & Equipment have different useful lives, they are accounted for as separate component of Property, Plant & Equipment.

All items of Property, Plant & Equipment are initially recognised at cost. A revaluation is carried out when there is a substantial difference between the fair value and the carrying amount of the property, and is undertaken by professionally qualified valuers. When items of Property, Plant & Equipment are subsequently revalued, the entire class of such assets are revalued.

Increases in the carrying amount on revaluation are credited to the revaluation reserve in shareholders' equity unless it reverses a previous revaluation decrease relating to the same asset, which was previously recognised as an expense. In these circumstances the increase is recognised as income to the extent of the previous write down.

Decreases in the carrying amount on revaluation that offset previous increases of the same individual asset is charged against revaluation reserve directly in equity. All other decreases are recognised in profit or loss.

2.2.2 Subsequent Costs

The cost of replacing part of an item of Property, Plant & Equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within that part will flow to the company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of Property, Plant & Equipment are recognised in profit or loss as incurred.

2.2.3 Depreciation

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each item of Property, Plant & Equipment.

The estimated useful lives are as follows:

Motor Vehicle	5 years
Furniture & Fittings	10 years
Equipment	10 years
EDP Equipment	5 years
Improvements on Leasehold Premises	5 years

Depreciation of an asset commences when the asset is available for use and ceases at the earlier of the date the asset is classified as held-for-sale and the date that the asset is derecognised.

Depreciation methods, useful lives and residual values are reassessed at the reporting date.

2.2.4 Derecognition

An item of Property, Plant & Equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Gains and losses arising on derecognition of the asset are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant & Equipment and are recognised net within 'Other Income' in profit or loss.

2.3 Intangible Assets

An intangible asset is recognised if it is probable that future economic benefits will flow to the entity and the cost of the asset can be measured reliably in accordance with LKAS 38 on Intangible Assets. Intangible assets with finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses.

2.3.1 Subsequent Expenditure

Subsequent expenditure is capitalised only when it is probable that the future economic benefits embodied in that part will flow to the Company and its cost can be measured reliably. All other expenditure is recognised in profit or loss as incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each Reporting date. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and treated as changes in accounting estimates. Amortisation expense on intangible assets with finite lives is recognised in profit or loss on a straight-line basis over the estimated useful lives, from the date they are available for use.

The estimated useful lives of intangible assets with finite lives are as follows:

The Class of Intangible Assets	Useful Life
Computer Software	10 years

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

2.4 Financial Instruments

2.4.1 Non-derivative Financial Assets

The Company recognises a financial asset or financial liabilities in its Statement of Financial Position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of a financial asset or a liability (other than financial assets and financial liabilities at fair value through profit or loss) are added or deducted from the fair value of the financial asset or liability, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

The Company has following non-derivative financial assets: held-to-maturity financial assets, loans and receivables and available-for-sale financial assets.

2.4.1.1
Loans and Receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs.

Subsequent to initial recognition loans and receivables are measured at amortised cost using the effective interest method, less any impairment losses.

Loans and receivables comprise of HP and lease receivable, and loans to customers and staff.

2.4.1.2
Held to Maturity Financial Assets

A non-derivative financial asset with fixed or determinable payments with fixed maturity where the Company intends to hold-to-maturity is classified under this category.

Held-to-maturity financial assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition held-to-maturity financial assets are measured at amortised cost using the effective interest method, less any impairment losses.

Held-to-maturity financial assets comprise of Treasury Bills and Bonds.

2.4.1.3
Available-for-Sale Financial Assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available-for-sale or are not classified in any of the above categories of financial assets. Available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction costs.

Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses, are recognised in other comprehensive income and presented in the fair value reserve in equity. When an investment is derecognised, the gain or loss accumulated in equity is reclassified to profit or loss.

Available-for-sale financial assets comprise equity securities .

2.4.1.4
Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, demand deposits and short-term highly liquid investments, readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand and deposits in banks net of outstanding bank overdrafts. Investments with short maturities, i.e. three months or less from the date of acquisition are also treated as cash equivalents.

2.4.1.5
Derecognition of Financial Assets

The Company derecognises a financial asset when the rights to receive cash flows from the asset have expired or when it transfers the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor substantially all risks and rewards of ownership and it does not retain control of the financial asset.

In transactions in which the Company neither retains nor transfers substantially all the risks and rewards of ownership of a financial asset and it retains control over the asset, the Company continues to recognise the asset to the extent of its continuing involvement, determined by the extent to which it is exposed to changes in the value of the transferred asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset transferred), and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

2.4.2 Non-Derivative Financial Liabilities

Non-derivative financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.

Financial liabilities comprise financial liabilities due to customers, interest-bearing borrowings, bank overdrafts and trade and other payables.

Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the statement of cash flows.

2.4.2.1 Derecognition of Financial Liability

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

Offsetting

Financial assets and liabilities are offset and the net amount presented in the Statement of Financial Position when and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset or settle the liability simultaneously.

2.4.3 Stated Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

2.4.4 Amortised Cost Measurement

The amortised cost of a financial asset or liability is the amount at which the financial asset or liability is measured at initial recognition, minus principal repayments and any impairment and plus/minus the cumulative amortisation using the effective interest method of any difference between the initial amount recognised and the maturity amount, minus any reduction for impairment.

2.4.5 Fair Value Measurement

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction on the measurement date.

The fair value of financial instruments that are traded in an active market at each reporting date is determined by reference to quoted market prices or dealer price quotations, without any deduction for transaction costs.

For financial instruments not traded in an active market, the fair value is determined using appropriate valuation techniques. Such techniques may include using recent arm's length market transactions; reference to the current fair value of another instrument that is substantially the same; a discounted cash flow analysis or other valuation models.

2.4.6
Impairment

2.4.6.1
Impairment of
Non-derivative Financial Assets

Financial assets other than those measured at fair value are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that as a result of one or more events that occurred after the initial recognition of the financial assets, the estimated future cash from the asset have been affected.

The Company assesses at each reporting date whether there is any objective evidence that a financial asset or a group of financial asset is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset and that loss event have an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

(a) Impairment Losses on Financial Assets carried at Amortised Cost

Impairment losses on assets carried at amortised cost are measured as the difference between the carrying amount of the financial asset and the present value of estimated future cash flows discounted at the asset's original effective interest rate.

Impairment losses are recognised in profit or loss and reflected in an allowance account against loans and advances. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

(b) Impairment Losses on Available-for-Sale Financial Assets

Impairment losses on available-for-sale investment securities are recognised by transferring the cumulative loss that has been recognised in other comprehensive income to profit or loss as a reclassification adjustment. The cumulative loss that is reclassified from other comprehensive income to profit or loss is the difference between the acquisition cost, net of any principal repayment and amortisation, and the current fair value, less any impairment loss previously recognised in profit or loss. Changes in impairment provisions attributable to time value are reflected as a component of interest income.

If, in a subsequent period, the fair value of an impaired available-for-sale debt security increases and the increase can be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss is reversed, with the amount of the reversal recognised in profit or loss. However, any subsequent recovery in the fair value of an impaired available-for-sale equity security is recognised in other comprehensive income.

2.4.6.2
Impairment of
Non-Financial Assets

The carrying amount of the Company's non-financial assets other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is an indication of impairment. If any such indication exists or when annual impairment testing for an asset is required, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value, less costs to sell, an appropriate valuation model is used.

An impairment loss is recognised if the carrying amount of an asset or cash-generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in profit and loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.5 Inventories

Inventories are measured at the lower of cost and net realisable value, after making due allowances for obsolete and slow moving items. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and selling expenses.

2.6 Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be measured reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

2.6.1 Capital Commitments and Contingencies

Capital commitments and contingent liabilities of the Company are disclosed in the respective Notes to the Financial Statements.

2.7 Employee Benefits

2.7.1 Defined Benefit Plan

A defined benefit plan is post-employment benefit plan other than a defined contribution plan. The liability recognised in the Financial Statements in respect of defined benefit plans is the present value of the defined benefit obligation as at the reporting date. The defined benefit obligation is calculated by a Qualified Actuary as at the reporting date using the Projected Unit Credit (PUC) method as recommended by LKAS 19 - Employee Benefits.

The actuarial valuation involves making assumptions about discount rates, salary increment rate, mortality rate and retirement age. Due to the long-term nature of his plans such estimates are subject to significant uncertainty.

The liability is not externally funded.

All actuarial gains and losses arising from defined benefit plans are recognised immediately in profit or loss.

2.7.2 Defined Contribution Plans - Employees' Provident Fund/ Mercantile Services Provident Society and Employees' Trust Fund

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Employees are eligible for contributions to Employees' Provident Fund/Mercantile Services Provident Society and Employees' Trust Fund in line with the respective Statutes and Regulations. The Company contributes 12%, 12% and 3% of gross emoluments of employees to the Employees' Provident Fund, Mercantile Services Provident Society and the Employees' Trust Fund, respectively and is recognised as an expense in profit and loss in the periods during which services are rendered by employees.

2.7.3
Short-Term Benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus if the Company has a present legal or constructive obligation to pay this amount as a result of past services provided by the employee and the obligation can be measured reliably.

2.8 Discontinued Operations

A discontinued operation is a component of the Company's business that represents a separate major line of business or geographical area of operations that has been disposed of or is held-for-sale, or is a subsidiary acquired with a view to resale. Classification as discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held-for-sale, if earlier. When an operation is classified as a discontinued operation, the comparative Statement of Comprehensive Income is represented as if the operation had been discontinued from the start of the comparative period.

2.9 Income Statement

2.9.1
Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue and associated costs incurred or to be incurred can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and turnover taxes. The following specific criteria are used for the purpose of recognition of revenue:

2.9.1.1
Hire Purchase, Lease and Loans & Advances

The excess of aggregated contract receivables over the cost of the hired assets constitutes the total unearned income at the commencement of a contract. The unearned income is recognised as revenue as it is earned, using the effective interest rate method.

(a) Interest

Interest income and expense are recognised in profit or loss using the effective interest method. The effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial assets or liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liability. When calculating the effective interest rate, the Company estimates future cash flows considering all contractual terms of the financial instruments, but not future credit losses.

The calculation of the effective interest rate includes all transaction costs and fees and points paid or received that are integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or liability.

Interest income and expense presented in the Statement of Comprehensive Income includes:

- Interest on financial assets and financial liabilities measured at amortised cost calculated on an effective interest basis
- Interest on available-for-sale financial instruments calculated on an effective interest basis

<i>(b) Fees and Commission</i>	<p>Fees and commission income and expense that are integral to the effective interest rate on a financial asset or liability are included in the measurement of the effective interest rate.</p> <p>Other fees and commission income, including account servicing fees, are recognised as the related services are performed.</p> <p>Other fees and commission expense relate mainly to transactions and service fees, which are expensed as the services are received.</p>
<i>(c) Dividends</i>	Dividend income is recognised when the right to receive income is established.
<i>(d) Others</i>	Other income is recognised on an accrual basis.
2.9.2 Expenditure Recognition	<p>(a) Expenses are recognised in profit or loss on the basis of a direct association between the cost incurred and the earning of specific items of income. All expenditure incurred in the running of the business and in maintaining the Property, Plant & Equipment in a state of efficiency has been charged to comprehensive income in arriving at the profit for the year.</p> <p>(b) For the purpose of presentation of the Statement of Comprehensive Income, the Directors are of the opinion that 'function of expenses method' presents fairly the elements of the Company's performance and hence such presentation method is adopted.</p>
Lease Payments	Payments made under operating leases are recognised in profit or loss on a straight line basis over the term of the lease.
2.9.3 Taxation	Income tax expense comprises both current and deferred tax. Income tax expense is recognised in profit and loss, except to the extent that it relates to items recognised directly in equity, or in other comprehensive income.
2.9.3.1 Current Taxes	The current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the reporting date, and any adjustment to tax payable in respect of previous years. Current tax payable also includes any tax liability arising from the declaration of dividends.
2.9.3.2 Deferred Taxation	<p>Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.</p> <p>The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.</p> <p>Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on tax laws that have been enacted or substantively enacted by the reporting date.</p>

A deferred tax asset is recognised for unused tax losses and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and is reduced to the extent that it is no longer probable that the related tax benefit will be realised.

**2.9.4
Borrowing Costs**

Borrowing costs are recognised as an expense in the period in which they are incurred.

**2.10 Events After the
Reporting Period**

All material events after the reporting date have been considered and where necessary adjustments made in these Financial Statements.

2.11 Earnings Per Share

The Company presents basic Earnings per Share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted number of ordinary shares outstanding during the period.

2.12 Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components. All operating results are reviewed regularly by the Chief Executive Officer (CEO) to make decisions regarding resources to be allocated to the segments and to assess its performance and for which discrete finance information is available. Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Segment capital expenditure is the total cost incurred during the period to acquire Property, Plant & Equipment and intangible assets other than goodwill. Segment information is presented in the respective Notes to the Financial Statements.

2.13 Cash Flow Statement

The cash flow statement has been prepared using the direct method.

**2.14 First-Time Adoption of
SLFRS/LKAS**

The Financial Statements, for the year ended 31st March 2013, are the first Financial Statements prepared in accordance with SLFRS/LKAS. For period up to and including the year ended 31st March 2012, the Company prepared its Financial Statements in accordance with Sri Lanka Accounting Standards (SLAS) that existed immediately prior to 1st January 2012.

2.14.1

**The Company has applied the
Following Mandatory Exceptions:**

**Significant Accounting Judgement,
Estimates and Assumptions**

Significant accounting judgment, estimates and assumptions at 1st April 2011 and at 31st March 2012 are consistent with those made for the same dates in accordance with SLAS effective up to 31st March 2012 (after adjustment to reflect any difference in accounting policies).

The estimates used by the Company to present these amounts in accordance with SLFRS/LKAS effective from 1st April 2012 reflect conditions at 1st April 2011, the date of transition to SLFRS/LKAS and as of 31st March 2012

2.14.2
Explanations for
Transition to SLFRS/LKASs

In preparing SLFRS/LKAS Statement of Financial Position for previously reported financial periods, required adjustments have been made, in accordance with the respective SLFRS/LKAS. The effect of the transition from SLAS to SLFRS/LKASs has been presented in the reconciling statements and accompanying notes the material reconciliation items.

2.15 New Accounting
Standards Issued
but Not yet Effective

The Institute of Chartered Accountants of Sri Lanka has issued the following standards which become effective for annual periods beginning after the current financial year. Accordingly these standards have not been applied in preparing these Financial Statements. The Company expects that these standards when applied will have substantial impact to the financial performance, financial position and disclosures. The Company will be adopting these standards when they become effective.

SLFRS 9 - Financial Instruments
SLFRS 13 - Fair Value Measurement

2.16 Determination of
Fair Values

A number of the Company's accounting policies and disclosures require the determination of fair values, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes, based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the Notes specific to that asset or liability.

2.16.1
Non-derivative
Financial Liabilities

Fair value, which is determined for disclosure purposes, is calculated, based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date. For finance leases, the market rate of interest is determined by reference to similar lease agreements

2.17 Financial Risk
Management

2.17.1
Overview

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Interest rate
- Operational risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk and the Company's management of capital. Further quantitative disclosures are included throughout these Financial Statements.

2.17.2
Risk Management
Framework

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Company's Directors are assisted in their oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Company's Directors.

2.17.3
Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's trade and other receivables.

2.17.3.1 Treasury Bills

The Company invests not less than 7.5% of the public deposits in Treasury Bills to comply with the Central Bank of Sri Lanka Direction No. 1 of 2009.

2.17.3.2 Loans and Advances
to Customers

The Company's exposure to credit risk relates to sale of products on installment credit/hire purchase which is an integral part of the business of the Company.

The Company's exposure to credit risk on instalment credit/hire purchase contracts is influenced mainly by the individual characteristics of each customer. The demographics of the Company's customer base has a lesser influence on credit risk. Geographically, there is no concentration of credit risk. Goods are sold, subject to collateral undertakings so that in the event of non-payment, the Company can have a secured claim.

The company assesses the impairment for Loans and Advances to customers on collective basis. In assessing collective impairment the Company uses historical trends of the probability of default, timing of recoveries and the amount of losses incurred, adjusted for management's judgment as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical data. Default rates, loss rates and expected timing of future recoveries are regularly benchmarked against actual outcomes to ensure that they remain appropriate.

2.17.4
Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

2.17.5
Market Risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, Government duties and interest rates will affect the Company's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

2.17.6
Interest Rate Risk

Interest Rate Risk is the risk to which the Company is exposed to due to uncertain and adverse movements in future interest rates. Interest rate risk is monitored through regular review of net interest yields by product to ensure interest rate margins and spreads are maintained and revisiting asset and liability pricing in line with the expectations on the interest yield curve. Further, Company manages the interest rate risk on borrowings by using a combination of fixed and floating rates.

2.17.7
Operational Risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, personnel, technology and infrastructure and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from operations of the Company.

The Company's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Company's reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

The primary responsibility for the development and implementation of controls to address operational risk is assigned to senior management of the Company. This responsibility is supported by the development of Company standards for the management of operational risk in the following areas:

- Requirements for appropriate segregation of duties, including the independent authorisation of transactions
- Requirements for the reconciliation and monitoring of transactions
- Compliance with regulatory and other legal requirements
- Documentation of controls and procedures
- Requirements for the periodic assessment of operational risks faced and the adequacy of controls and procedures to address the risks identified
- Requirements for the reporting of operational losses and proposed remedial action
- Development of contingency plans
- Training and professional development
- Ethical and business standards
- Risk mitigation, including insurance where this is effective

Compliance with Company standards is supported by a programme of periodic reviews undertaken by internal audit. The results of internal audit reviews are discussed with the management of the business unit to which they relate, senior management of the Company and the Board of Directors.

3. Income**3.1 Summary**

Gross Income	1,748,387,742	1,274,897,197
--------------	---------------	---------------

3.2 Analysis of Gross Income

Interest Income (Note 4)	1,651,911,547	1,198,714,801
Other Income (Note 6)	96,476,195	76,182,396
	1,748,387,742	1,274,897,197

4. Interest Income

Interest Income on Hire Purchase	476,583,851	430,972,339
Interest Income on Lease	660,319,243	307,556,922

7.2 Impairment Charge for Loan and Other Losses		
Impairment Charge on Hire Purchase Receivable	16,627,562	2,456,630
Impairment Charge on Lease Receivable	34,026,052	2,090,788
Impairment Charge on Loans and Advances	13,181,037	6,971,966
Impairment Charge on Other Receivable	806,546	1,685,910
	64,641,197	13,205,294
8. Income Tax Expense		
Current Year Income Tax Expense		
Current Year Income Tax Expense on Ordinary Activities - (Note 8.1)	58,905,742	67,582,823
(Over)/Under Provision of Taxes in respect of previous year	(3,418)	20,283
	58,902,324	67,603,106
Deferred Tax		
Expense (Note 8.2)	7,954,392	2,454,695
	66,856,716	70,057,801
8.1 Reconciliation Between Current Tax Expense and the Product of Accounting Profit Multiplied by the Statutory Tax Rate is as Follows:		
Accounting Profit before Income Tax	323,391,341	285,739,147
Aggregate Disallowable Expenses	954,770,329	658,101,751
Aggregate Tax Deductible Expenses	(1,067,784,019)	(702,473,674)
Taxable Profit	210,377,651	241,367,224
Income Tax at 28%	58,905,742	67,582,823
Current Income Tax Expense	58,905,742	67,582,823
8.2 Deferred Tax Expense/(Income)		
Deferred Tax Expense arising due to Origination/(Reversal) of Temporary Differences (Note 16.1 and 16.2)	7,954,392	2,454,695
	7,954,392	2,454,695

8.3 Deferred tax has been computed using the enacted tax rate of 28%.

9. Earnings per Share

Basic Earnings per Share is calculated by dividing the net profit for the year attributable to the ordinary shareholders by the weighted-average number of ordinary shares outstanding during the year.

For the year ended 31st March

	2013 Rs.	2012 Rs.
Amount Used as the Numerator		
Net Profit Attributable to Equity Holders of the Company	256,534,625	215,681,346
Number of Ordinary Shares Used as the Denominator		
Weighted Average Number of Ordinary Shares in Issue (Note 9.1)	146,115,915	107,681,076
Basic Earnings per Share	1.76	2.00

9.1 Weighted Average Number of Ordinary Shares

Issued Ordinary Shares at the beginning of the Year	106,666,667	106,666,667
Effect of Rights issued in August 2012	39,449,248	1,014,409
Number of Ordinary Shares at the end of the Year	146,115,915	107,681,076
Weighted Average Number of Ordinary Shares at the end of the Year	146,115,915	107,681,076

10. Cash and Cash Equivalents

Components of Cash & Cash Equivalents

	2013 Rs.	2012 Rs.	1st April 2011 Rs.
10.1 Favourable Cash & Cash Equivalent Balances			
Cash in Hand	1,232,117	812,159	560,613
Balances with Banks	13,398,249	10,387,697	29,523,197
Total	14,630,366	11,199,856	30,083,810
10.2 Unfavourable Cash & Cash Equivalent Balances			
Bank Overdrafts (Note 20)	(230,774,464)	(293,340,060)	(56,540,953)
Total Cash & Cash Equivalents for the Purpose of Cash Flow Statement	(216,144,098)	(282,140,204)	(26,457,143)

11. Financial Instruments - Held-to-Maturity

Investment in Treasury Bills	338,075,152	263,884,392	181,057,001
------------------------------	-------------	-------------	-------------

12. Loans and Receivables from Customers

	2013 Rs.	2012 Rs.	1st April 2011 Rs.
12.1 Hire Purchase Receivables			
Rentals Receivable	2,944,040,144	3,045,564,419	2,341,606,327
Unearned Interest Income	(745,707,684)	(729,122,494)	(569,115,468)
	2,198,332,460	2,316,441,925	1,772,490,859
Allowance for Impairment on Hire Purchase Receivables (Note 12.1.4)	(10,564,253)	(2,794,892)	(5,932,093)
Rentals Received in Advance	(212,222)	(230,500)	(387,558)
Net Receivables	2,187,555,985	2,313,416,533	1,766,171,208

	2013 Rs.	2012 Rs.	1st April 2011 Rs.
12.1.1 Hire Purchase Rentals Receivable within One Year from Reporting Date			
Rentals Receivable	1,245,305,410	1,198,886,457	964,912,071
Unearned Interest Income	(396,096,956)	(383,018,000)	(329,645,794)
Rentals Received in Advance	(212,222)	-	(157,058)
Allowance for Impairment on Hire Purchase Receivables	(9,502,221)	(2,770,329)	(3,780,929)
	839,494,011	813,098,127	631,328,290
12.1.2 Hire Purchase Rentals Receivable after One Year but before Five Years from Reporting Date

Singer (Sri Lanka) PLC	-	490,000,000	-	490,000,000	1,423,000,000	(1,251,349,148)	661,650,852
	-	490,000,000	-	490,000,000	1,423,000,000	(1,251,349,148)	661,650,852

22.3.2 The management intends to pay the above loans within one year from the Reporting date. Interest is payable at the rate 0.5% to 1% above the Singer (Sri Lanka) PLC's effective rate. The aforesaid loans are not secured.

	2013 Rs.	2012 Rs.	1st April 2011 Rs.
23. Retirement Benefit Obligations			
Present Value of Unfunded Gratuity	11,520,831	7,478,769	5,572,322
Total Present Value of the Obligation	11,520,831	7,478,769	5,572,322
Provision for Retiring Gratuity			
At the beginning of the year	7,478,769	5,572,322	3,751,233
Actuarial Gain/(Loss) on obligation	730,146	233,869	458,498
Current Service Cost	2,099,740	1,259,239	989,555
Interest on obligation	2,102,176	548,339	373,036
	12,410,831	7,613,769	5,572,322
Benefits Paid during the Year	(890,000)	(135,000)	-
At the end of the Year	11,520,831	7,478,769	5,572,322

The Company maintains a non-contributory defined benefit plan providing for gratuity benefits payable to employees expressed in terms of final monthly salary and service.

The gratuity liability was actuarial valued under the Projected Unit Credit (PUC) method by a professionally-qualified actuary firm Messrs Actuarial & Management Consultants (Pvt) Ltd.

The required accounting provision of the Company has been determined based on the recommendation on this Report.

Following key assumptions were made in arriving at the above figures:

(a) Rate of Discount 10.5% p.a. (net of tax)

(b) Salary Increment Rate

Year 1 10%
Year 2+ 9%

(c) Retirement Age

Males 60 Years
Females 60 Years

(d) Assumptions regarding future mortality are based on A67/70 Mortality Table, issued by the Institute of Actuaries, London. The demographic assumptions underline the valuation are with respect to retirement age, early withdrawal from service and retirement on medical grounds.

The expense so recognised is included in Selling and Administrative Expenses in the Statement of Comprehensive Income.

(iii) No transaction had been taken place during the year with the parties/entities in which Key Management Personnel or their close family members have control, joint control or significant influence other than disclosed above.

(b) The amounts due to above related parties as at 31st March 2013, are disclosed in Note 22 of the Financial Statements.

34. Restated Financial Statements

34.1 Service Charges

Previously the Company recognises service charges collected from hire purchase, lease and loan facilities on a deferred basis. This fee is a reimbursement of cost incurred for servicing a loan. Under LKAS 18 "fees charged by an entity for [processing] a loan are recognised as revenue as the services are provided accordingly, the Company has restated the Financial Statements with retrospective effect applicable for the accounting period starting from 1st April 2011. The effect of the restatement is summarised below:

	Year 31st March 2013 Rs. '000	Year 31st March 2012 Rs. '000	Periods Prior to 01st April 2011 Rs. '000
Statement of Financial Position			
Decrease in Deferred Revenue	(24,175)	(22,310)	(14,565)
Increase in Income Tax payable	7,184	6,364	3,714
Statement of Comprehensive Income			
Increase in Other Income	1,865	7,745	-
Increase in Income Tax Expense	820	2,650	-
Statement in Change in Equity			
Increase in Retained Earnings	1,045	5,095	10,851
Retained Earnings Brought Forward	15,946	10,851	-
	16,991	15,946	10,851

34.2 Value Added Tax (VAT)

Input VAT is disallowed to be claimed proportionately on Interest Income on VAT exempt turnover to total turnover basis. However, the Company has not recognised the disallowed Input VAT in the Statement of Comprehensive Income due to an error. The Financial Statements are re-stated in order to rectify the aforementioned error with retrospective effect. The effect of the restatement is summarised below:

	Year 31st March 2013 Rs. '000	Year 31st March 2012 Rs. '000	Periods Prior to 01st April 2011 Rs. '000
Statement of Financial Position			
Decrease in VAT Receivables	(68,231)	(40,730)	(24,917)
Decrease in Income Tax payable	(20,438)	(12,738)	(8,311)
Statement of Comprehensive Income			
Increase in Administration and Selling Expenses	27,501	15,813	-
Decrease in Income Tax Expense	(7,700)	(4,427)	-
Statement in Change in Equity			
Decrease in Retained Earnings	(19,801)	(11,386)	(16,606)
Retained Earnings Brought Forward	(27,992)	(16,606)	-
	(47,793)	(27,992)	(16,606)

35. Reconciliation of Transition to SLFRS

As stated in Note 1.2, these are the Company's first Financial Statements prepared in accordance with new Sri Lanka Accounting Standards prefixed both SLFRS (corresponding to IFRS) and LKAS (corresponding to IAS), promulgated by The Institute of Chartered Accountants of Sri Lanka (ICASL). The Accounting Policies set out in Note 2 have been applied in preparing the Financial Statements for the year ended 31st March 2013, the comparative information presented in these Financial Statements for the year ended 31st March 2012 and in the preparation of an opening Statement of Financial Position as at 1st April 2011 (the Company's date of transition).

In preparing its opening SLFRS Statement of Financial Position, the Company has adjusted amounts reported previously in Financial Statements prepared in accordance with previous SLAS. An explanation of how the transition from previous SLASs has affected the Company's financial position and financial performance is set out in the following tables and notes that accompany the tables.

35.3 Explanations of Transition to SLFRS

35.3.1 Revenue Recognition

In accordance with LKAS 39 - Financial Instruments: Recognition and Measurement, the Company subsequently measure the lease, hire purchase and loans receivables at amortised cost using effective interests. Accordingly, the Company has reversed the interest in suspense made in accordance with a regulation of Central Bank of Sri Lanka, to comply with SLFRS 1- First-Time Adoption of Sri Lanka Accounting Standards.

Further, the Company has recognised the corresponding gain or (loss) on fair value adjustment relating to restructured loans due to changes in timing or amount of estimated future cash flows (Other than due to impairment) are recognised in the Statements of Comprehensive Income. The impact of this implication is given below:

	31st March 2012 Rs.
Interest Income as Reported as per SLAS	1,199,124,892
Reversal of Interest in Suspense	(354,921)
Fair Value Adjustment to Restructured Loans	(55,170)
Interest Income Reported as per SLFRS	1,198,714,801

35.3.2 Interest Expense

The interest expenses on other financial liabilities due to customers calculated based on Effective Interest Rate (EIR) in line with LKAS 39 - Financial Instruments: Recognition and Measurement.

	31st March 2012 Rs.
Interest Expense as Reported as per SLAS	408,138,496
Adjustment to Interest Expense	(364,491)
Interest Expense Reported as per SLFRS	407,774,005

35.3.3 Other Income

Staff loans granted at reduced interest rates are measured at fair value, based on the market interest rates that prevailed at the time of granting the loan. Accordingly, interest income accruing due to subsequent measurement staff loans at effective interest rate is accounted in the Comprehensive Income. The impact arising from the change is summarised as follows:

	31st March 2012 Rs.
Other Income as Reported as per SLAS	71,937,238
Unwinding of Interest Income on Staff Loans at Market Interest Rate	4,245,158
Other Income Reported as per SLFRS	76,182,396

Remeasured prepaid employee benefit amounting Rs. 4,245,158/- adjusted in personnel cost.

35.3.4 Impairment on Trade and Other Receivables

The Company charged an impairment on loans and advances in accordance with LKAS 39 - Financial Instruments: Recognition and Measurement. The provisions made in accordance with regulations of Central Bank of Sri Lanka were reversed.

	31st March 2012 Rs.
Impairment as Reported as per SLAS	9,209,779
Adjustment on Impairment of Leasing, Hire Purchase, Loan Receivables	3,995,515
Impairment Reported as per SLFRS	13,205,294

35.3.5 Lease Receivable, Hire Purchase Receivables and Loans & Advances Receivable

	31st March 2012 Rs.	1st April 2011 Rs.
Trade Receivable as Reported as per SLAS	6,155,069,022	3,996,928,073
Fair Value Adjustment to Restructured Loans	178,369	233,539
Reversal of Interest in Suspense	7,293,581	7,648,502
Impairment on Trade and Other Receivables	(1,390,290)	2,605,225
Interest Expense Reported as per SLFRS	6,161,150,682	4,007,415,339

35.3.6 Other Financial Liabilities due to Customers

Company has classified the public deposits as other financial liabilities and accordingly, measured at amortised cost at effective interest rates. Accordingly, the Company has reclassified interest payable accounted under trade and other payable to the other financial liabilities due to customers.

	31st March 2012 Rs.	1st April 2011 Rs.
Other Financial Liabilities due to Customers as Reported as per SLAS	2,645,168,932	1,815,116,989
Fair Value Adjustment on Other Financial Liabilities Due to Customers	(3,053,316)	(2,688,825)
Reclassification of Interest Payable	98,882,477	70,192,000
Other Financial Liabilities due to Customers Reported as per SLFRS	2,740,998,093	1,882,620,164

35.3.7 Interest Bearing Loans and Borrowings

Company has reclassified interest payable accounted under Trade and other payable to the Interest-Bearing Loans and Borrowings.

	31st March 2012 Rs.	1st April 2011 Rs.
Interest-Bearing Loans and Borrowings as Reported as per SLAS	1,219,390,924	80,885,777
Reclassification of Interest Payable	3,946,613	1,081,849
Interest-Bearing Loans and Borrowings Reported as per SLFRS	1,223,337,537	81,967,626

35.3.8 Employee Loans Recognised at Fair Value

Staff loans granted at reduced interest rates are measured at fair value, based on the market interest rates that prevailed at the time of granting the loan. Accordingly the interest benefit accruing to the staff member is treated as a prepaid staff cost, The prepaid staff cost is amortised to the Statement of Comprehensive Income over the tenor of the loan.

35.3.9 Retained Earnings Reconciliation

The impact arising due to SLFRS adjustments are summarised as follows:

	31st March 2012 Rs.	1st April 2011 Rs.
Retained Earnings Reported as per SLAS	237,837,813	104,953,040
Transitional Adjustments:		
Revenue Recognition	7,471,950	7,882,041
Interest Expense	3,053,316	2,688,825
Other Income	4,245,158	8,136,018
Personal Cost	(4,245,158)	(8,136,018)
Impairment	(1,390,290)	2,605,225
Retained Earnings as per SLFRS/LKAS	246,972,789	118,129,131

35.3.10 Reconciliation of Statement of Cash Flows

There are no material differences in statement of cash flows presented under SLFRS and the cash flows presented under SLAS.

36. Penalties Imposed by the Central Bank of Sri Lanka

CBSL has imposed a penalty under Finance Companies (Reporting Requirements) Direction No. 2 of 2011 as illustrated in the table below

Name of Return	Type of Return	Due Date	Date of Submission	Penalty Rs.
Deposit Liability	Weekly	08/02/2012	09/02/2012	100,000
Liquid Assets and Deposit Liability	Weekly	13/02/2012	14/02/2012	100,000
Liquid Assets and Deposit Liability	Weekly	09/04/2012	10/04/2012	100,000
Total				300,000

The Company has submitted an appeal for the above fines imposed.

Glossary of Financial Terms

Accounting Policies

Specific principles, bases, conventions, rules and practices adopted by an enterprise in preparing and presenting Financial Statements.

Amortisation

The expense of writing off over a fixed period, the initial value of intangible assets such as goodwill, patents etc.

Borrowings

All interest-bearing liabilities

Capital Adequacy Ratios

The relationship between capital and the risk weighted assets as prescribed by the Central Bank of Sri Lanka developed by modifying international best practices on maintenance of capital for financial institutions, to suit the local requirements.

Capital Employed

Total assets less interest-free liabilities, deferred income and provisions.

Capital Reserves

Reserves identified for specific purposes and considered not available for distribution.

Cash Equivalents

Liquid investments with original maturity periods of three months or less.

Contingent Liabilities

Conditions or situations at the Reporting date the financial effect of which are to be determined by future events which may or may not occur.

Credit Rating

An evaluation of a corporate's ability to repay its obligations or the likelihood of not defaulting, carried out by an independent rating agency.

Debt

Total liabilities, excluding deferred income.

Deferred Taxation

The net tax effect on items which have been included in the Income Statement, which would only qualify for inclusion on tax return at a future date.

Dividend Cover

Profit attributable to ordinary shareholders divided by gross dividend. Measures the number of times dividend is covered by distributable profit.

Earnings Per Share

Profits attributable to ordinary shareholders divided by the weighted average number of ordinary shares in issue.

Equity

Shareholders' funds.

Gross Dividend

Portion of profits inclusive of tax withheld, distributed to shareholders.

Gross Non-Performing Advances (As per CBSL)

A loan placed on a cash basis (i.e., Interest Income is only recognised when cash is actually collected) after when six instalments or more are overdue as there is reasonable doubt regarding the collectability of its instalments of capital and interest.

Interest Cover

Profit before tax plus net finance cost divided by net finance cost. Measure of an entity's debt service ability.

Liquid Assets Ratio

Assets that are held in cash or in a form that can be converted to cash readily (as prescribed by the Central Bank of Sri Lanka) divided by the total deposits.

Net Assets Per Share

Shareholders' funds divided by the weighted average number of ordinary shares in issue. A basis of share valuation.

Price Earnings Ratio

Market price of share divided by earnings per share as reported at that date.

Supplementary Capital

Supplementary capital that consist of revaluation reserves, general provisions and debt instruments such as subordinated term debts and other hybrid capital instruments that combine characteristics of equity and debt.

Related Parties

Parties who could control or significantly influence the financial and operating policies of the business.

Return on Average Shareholders' Funds

Attributable profits divided by average shareholders' funds.

Revenue Reserves

Reserves considered as being available for distributions and investments.

Segment

Constituent business units grouped in terms of similarity of operations and location.

Working Capital

Capital required to finance the day-to-day operations computed as the excess of current assets over current liabilities.
